#### DESIGN ENGINEERING SERVICES for SE BLAIR ROAD

PRJ0000407 | CRP #391722

#### QUESTIONS and ANSWERS

UPDATED: AUGUST 16, 2023

|    | QUESTION   | ANSWER  |
|----|--|---|
| 1. | Will this project require consultant survey? Or will County provide additional survey data if needed?  | <b>No, survey will be performed by Clark County. If needed, the County will provide additional survey data.</b> |
| 2. | For the signage upgrades, is the county wanting to replace all signs and/or do a reflectivity test to see which signs need to be replaced?       | <b>At this time, all signs will be replaced</b>   |
| 3. | Bridge BR 301, does the county want to look to see if possible to add a pedestrian/bike lane for the bridge?                                     | <b>No</b>   |
| 4. | It is my understanding the county will provide an existing topographic survey. Does the county anticipate a need for additional survey services? | <b>No. If needed, the County will provide additional survey services.</b>                                       |
