## Dear Clark County Voters

Thank you to the Clark County Board of Commissioners, and the other participating jurisdictions, for providing the funding to prepare and mail this Local Voters' Pamphlet. Voters' pamphlets are one of the most important ways voters obtain information about candidates and issues. We are very pleased to be able to provide this information.

While this pamphlet is an important tool, I urge you to seek out more information. We have provided easy access to a wide variety of on-line resources through our website at <http://elections.clark.wa.gov>. **Informed voters make the best decisions.**

As the result of redrawing of political jurisdiction boundaries and because so many people are choosing to vote by mail (an estimated 85% for this Primary) we recently completed a consolidation of precincts and polling sites. These changes will reduce election costs and the cost of replacing our punch card voting system with new technology.

If you would like to know in which precinct you are registered to vote, the location of your poll site, or in which political jurisdictions you are eligible to vote, you can go to our website and click on the **"Voter Information – District Locator"** button. Special thanks to Roger Carpenter, in our Elections Department, for developing this new feature at a nominal cost.

**As a reminder, absentee ballots for this Primary must be postmarked no later than election day, Tuesday, September 17, 2002. You can also take your absentee ballot to any poll site in the County, no later than 8:00 PM, on the day of the Primary.**

Your vote matters! There are numerous examples throughout history where an election was decided by just a few votes with long lasting effects on society. This September, I hope you'll join me in voting and exercising one of the most precious rights we have as Americans - the right to vote.

Sincerely,

Greg Kimsey  
Clark County Auditor

# Registering to vote is easy

Any Clark County resident who is a United States citizen and is 18 years or older is qualified to register to vote. Although you can register any time, you must register at least 30 days before a given election in order to be able to vote in it. **You may also register between 15 and 30 days before an election, but to do so you must register in person at the Clark County Elections Office and must vote by an absentee ballot in that election. For the September 17 primary, the last day to register in person is Friday, August 30. It is now too late to register by mail to vote in the September 17 primary.**

**1 Get a registration form.** Registration forms are available from your local election office and at other locations such as libraries, city and town halls, and the auto license subagents. For more information, addresses, and telephone numbers, call 397-2345.

**2 Fill out the form.** You must provide your name, address, birth date, and sign the form to register to vote.

**3 Return the form.** Mail the form to The Secretary of State, or return it in person to the **Elections Office at 1500 D Street, Vancouver.**

## The value of one vote

In 1645, ONE VOTE gave Oliver Cromwell control of England.

In 1845, ONE VOTE brought Texas into the Union.

In 1868, ONE VOTE saved President Andrew Johnson from impeachment.

In 1876, ONE VOTE gave Rutherford B. Hayes the Presidency of the United States.

In 1923, ONE VOTE gave Adolf Hitler leadership of the Nazi Party.

In 1960, ONE VOTE change in each precinct in Illinois would have defeated John Kennedy.

*How important is one vote?*

**Your vote can make the difference**

# A reminder to vote: It's really simple

## Registering to vote

Registering takes only a few minutes and you can do it by mail. To register to vote, please call the Clark County Elections Department at (360) 397-2345. (See page 3.)

## Who is eligible to vote

The requirements for registering to vote are simple. You must be a United States citizen, 18 years or older, and live in Clark County 30 days prior to the election.

## How to vote

### At the polls

The actual voting process is easy. Upon registration, the Elections Department issues each registered voter a card that states his or her precinct number and place to vote.

With few exceptions, most of the polls are located in area schools. Arriving at the polls – they open at 7 a.m. and close at 8 p.m. – you'll be asked to sign the registration book. In Clark County, voting is done by punch card. Just punch in your choices. The entire process takes only a few minutes.

## By absentee ballot

If you're voting by absentee ballot, you just drop your ballot in the mail or at the Elections Department.

## A word about the primary

The September 2002 primary will *not* be a mail-in ballot election. Polling places will be open for this election. You will need to go to your polling place to vote, unless you are an absentee voter. (See below). Permanent absentee voters will still receive

their ballot by mail.

## Absentee ballots

To obtain an absentee ballot, please call the Elections Department at (360) 397-2345. Or you can fill out the form below, cut it out, and either mail it to the Elections Department or drop it by. Our address is 1500 "D" Street, Vancouver. Mail to PO Box 8815, Vancouver WA 98666-8815.

## Permanent absentee ballots

You can vote by absentee ballot on a permanent basis. Any voter is eligible to receive an absentee ballot by mail for every election. If you would like a permanent absentee ballot, please mark the appropriate box on the form below.

Senator Zarelli serves on the Education, Ways & Means, and Judiciary committees where he works through bi-partisan means to get results for Clark County.

Now Joe Zarelli would like to serve you in Congress. Joe will work to restore jobs and opportunity to the 3rd District, which currently suffers from the highest unemployment rate in Washington due to the over regulation and taxation of business. It's time for a change of leadership.

As your Congressman, I have dedicated myself to bringing people together, with hard work, commitment, and common sense to meet these challenges. It is an honor to represent you and to serve this great nation. I would appreciate your vote.

Operating a family farm in the heart of the Yakima Valley, I know and share the concerns of people throughout the 15th District.

As your representative I work to make state government more efficient and more accountable for the way it spends your money. Government should live within its means just as working families must do.

I support efforts to strengthen families, provide safe neighborhoods and schools, and preserve property and water rights.

I'm working to restore our economy, protect jobs, and encourage successful businesses. A strong economy supports healthy communities.

With your vote, I'll continue working for our future.

**Don Vlieger**  
*Republican*

Over the last 20 years I have been working and solving problems in the community. I believe that my 9 years in law enforcement, 6 years in schools and 5 years in local government as a City Councilman, have given me the experience to work for you in Olympia. I have also run a successful small business for 15 years and know first hand the burden of ever increasing regulation.

We don't need our problems represented in Olympia, we need them solved. That is what I do well, solve problems. It is time for action, vote Vlieger.

**Michael H. Kepcha**  
*Democrat*

My name is Michael H. Kepcha, pronounced KEPT-SHAW. It is the name of a New York City Doctor who adopted my great "whatever" Grand Father when he and his brother arrived at Ellis Island with tags around their necks, not speaking any English, from Ireland! I am running for the Washington State House of Representatives because it has been deadlocked with an even party split, which has proven to be bad Governance for the State of Washington!

**Pat Campbell**  
*Republican*

Tobacco, construction, and deregulation interests are funding campaigns. We need representation not addicted to special interest money.

How does a pro-life candidate embrace tobacco money? Can others support needed new schools yet ethically pocket money from hovering school construction bidders? Do tax fighter reputations mesh with favoritisms towards those who have emptied our pension accounts and raised the cost of electricity and home electrical repairs?

While methamphetamine addicts are stealing our mail and identities, why are parole officers stuck in offices chained to computer monitors?

All serious questions. Your vote speaks clearly. Pat will make a difference.

WEA endorsed.

But more needs to be done. We must keep Jim's leadership working for us to preserve and maintain the basic family values that have made our state strong.

Jim and Joan, his wife of 38 years, believe in giving back to the community. They have two children, four grandchildren with another due in December. Jim, from a Washington pioneer family, is a Vietnam-era veteran.

The primary goals of Bill's agenda are to change the funding of education, transportation, and emergency medical services to *simple* majority votes, rather than *super* majority votes and economic development for SW Washington. As a state representative, Bill would listen, and have an even-handed, well-informed approach to issues.

Even before becoming a legislator, Ed volunteered his time to many local activities, including Lions Club, Highlander Festival chairman, and youth bowling coach.

Ed Orcutt wants to make state government agencies more efficient so families can keep a fair share of their hard-earned income and more money will be available for needed programs such as education and transportation. He's also working to improve local job opportunities.

## State Legislature – 49th Legislative District Representative Position No. 2

**Catherine Rich-Daniels**

*Experience Counts.* A working mother, business leader, and community volunteer.

Catherine understands the importance of strong public schools. Her 20 years accounting/administration experience helps her set priorities and balance budgets. We must weed out waste in government spending, while keeping our *social contract*. Let there be no room in our hearts or pocketbooks for public projects that benefit only the few. Buses, park and rides, additional highway lanes, and intelligent growth management will work more effectively than light rail. Do not punish us with HOV Lane Experiments; rather, demand respect, transportation safety, and economic justice from Oregon. ## Clark County Assessor

**Darrell Grigg**  
*Republican*

Legislators write laws directing the assessor's office using terms like "most probable price", "market value" and "comparative values", making an appraiser's job more subjective than objective. Even though umpires are given a definitive strike zone, most of them call ball and strikes favoring either hitters or pitchers depending on how they view the strike zone. For the last several years, I've felt that appraisals in Clark County have favored the tax collector rather than the taxpayer. I will work to convince our appraisers to become more conservative in their appraisals, remembering that they work for taxpayers. I appreciate your vote.

The question in this campaign is who should be the County Assessor. I am the only candidate with 29 years of experience in assessment and appraisal practices; having served in four different jurisdictions. I have worked 14 years as a manager of appraisers, and programs. It is my diverse experiences and repeated acts of competency that place me ahead of other candidates.

I will listen to you, and I will work with other elected officials to improve the system of taxes. When you vote, please vote for me; an experienced appraiser, and administrator in the field of property tax.

After income taxes, property taxes are the largest tax we pay as families. In my eight years in the state legislature, I gained the reputation of being a tax-fighter for the people. For Assessor, you have a simple choice between government bureaucrats - or someone who works for the people. I will lobby the state to reduce your property tax burden - and ensure equal and fair assessments for everyone!

I will bring my business experience to this office to bring about efficiencies, efficiencies my opponents don't believe exist. I would be honored to have your trust and your vote.

# Ballot measures

## LA CENTER SCHOOL DISTRICT NO. 101

### Proposition A

#### SCHOOL MODERNIZATION AND EXPANSION BONDS - \$12,800,000

The Board of Directors of La Center School District No. 101 adopted Resolution No. 01/02-6, concerning a proposition to finance school modernization and expansion. This proposition authorizes the District to modernize and expand the K-8 Campus (La Center Middle School, Mary Gabrielsen Elementary School and Primary and Multi-Purpose Buildings) and the La Center High School Campus, issue no more than \$12,800,000 of general obligation bonds, maturing within 20 years, to pay costs of such capital projects, and levy annual excess property taxes to repay such bonds, as provided in Resolution No. 01/02-6. Should this proposition be:

APPROVED . . .

REJECTED . . . .

## LA CENTER SCHOOL DISTRICT NO. 101

### Proposition B

#### SAFETY AND ATHLETIC IMPROVEMENT BONDS - \$3,200,000

The Board of Directors of La Center School District No. 101 adopted Resolution No. 01/02-6, concerning a proposition to finance safety and athletic improvements. This proposition authorizes the District, only if Proposition A is approved, to make safety improvements to the K-8 Campus (including traffic circulation, parking, playfield and playground improvements), athletic improvements to La Center High School, relocate maintenance and bus facility, issue no more than \$3,200,000 of general obligation bonds, maturing within 20 years, to pay costs of such capital projects, and levy annual excess property taxes to repay such bonds, as provided in Resolution No. 01/02-6. Should this proposition be:

APPROVED . . .

REJECTED . . . .

#### La Center School District No. 101 explanatory statement:

State law allows voters within a school district to vote to finance capital improvements. Presently no funding is available to finance the capital improvements proposed in La Center School District Resolution No. 01/02-6. If Proposition A is approved by the voters, the La Center School District would be authorized to issue up to \$12,800,000 of general obligation bonds maturing within 20 years to fund modernizing and expanding the K-8 Campus and La Center High School Campus. If Proposition B is approved by the voters, the La Center School District would be authorized to issue up to \$3,200,000 of general obligation bonds maturing within 20 years to fund safety, athletic, maintenance and bus facility improvements. These bonds shall be repaid by excess property taxes with the La Center School District.

---

  
**Statement for:**

In the past 30 years the community of La Center has passed three bonds totaling \$5.2 million to provide for school facility needs. Of that, \$4.6 million was used to build a new high school that opened in 1993 for 325 students. Currently there are 490 students in the high school. Only \$600,000 has been provided to take care of existing facilities since 1972. The K-8 facilities are 40 to 60+ years old and in serious need of repair. Needs go beyond routine maintenance. Heating, plumbing, electrical, and structural improvements are long overdue. The school district must spend thousands of dollars annually to provide “band-aid” solutions to address increasing repair needs. Long term solutions to deteriorating facilities will never be realized with “band-aids.” Student population has nearly doubled since 1989. Currently 1/3 of the students are housed in portable classrooms or in space not designed for classrooms. Hallways and stages are used for instructional space. K-8 students use a classroom for their library. Additional classroom and library space is desperately needed. The school district has used funds wisely. Statistics show that La Center spends less per student than any school district in the state. At the same time students perform at a high level on state assessments. Students receive a quality education for less money. It is time for the community to step forward and modernize deteriorating buildings and construct additional classroom space. Our students need to be in adequate, appropriate, and safe facilities.

**TOWN OF YACOLT**  
**Proposition No. 1**  
**EMERGENCY MEDICAL PROGRAM LEVY**

Shall the Town Council, Town of Yacolt, Clark County, Washington, be authorized to impose a tax levy in 2002 for collection in 2003 of \$58,119 upon all the taxable property of the Town of Yacolt (the estimated cost to be approximately \$1.50 per thousand dollars of assessed valuation) in excess of the maximum tax levy provided by law without a vote of the electors of the Town of Yacolt, the proceeds thereof to be used for operating funds, maintenance and salaries for North Country Emergency Medical Service for an estimated three (3) year period?

LEVY, YES. . . .       LEVY, NO. . . .

**Town of Yacolt explanatory statement:**

The town of Yacolt seeks voter approval to impose an excess property tax levy in an approximate amount of one dollar and fifty cents (\$1.50) per thousand dollars of assessed value of property in the Town of Yacolt to be collected in the year 2003. The tax revenue would be used only for the provision of emergency medical care or emergency medical services for an estimated three (3) year period.

**Statement for:**

North Country Emergency Medical Service (NCEMS), a local governmental entity, is the provider of paramedic ambulance service to the North Central and Northeast portions of Clark County and to Southeast Cowlitz County. NCEMS has served the area since 1976 from the Yacolt Fire Department. A weekend station was opened this year in the Fargher Lake area.

Current revenue sources and tax limitations now prevent us from keeping up with the rising costs of fuel, medical supplies, insurance and other costs of providing service. The current limit on tax dollars for EMS agencies such as ours is 50 cents per thousand dollars of assessed valuation. Special excess levies which can be collected only in one year are our only additional revenue source to offset the funding deficiency.

NCEMS finds it necessary to request a special excess levy of \$1.50 per thousand dollars of AV, collectable in 2003 and to be spent over the following three years. This will allow us to continue the current level of service, to increase the staffing at the Fargher Lake station to 7 days per week and meet the increases in cost over the three year period of the levy.

We urge a favorable vote on this levy on September 17, 2002. Excess levies require a 60 percent voter approval and require that 40 percent of the voters who voted in the last general election cast their ballot on this issue. It is important that every voter in the district vote *yes* on this issue.

**CLARK COUNTY FIRE PROTECTION DISTRICT NO. 5  
Proposition No. 1  
EMERGENCY MEDICAL SERVICES PROPERTY TAX LEVY**

Shall Clark County Fire Protection District No. 5 be authorized to impose regular emergency medical services property tax levies of fifty cents or less per thousand dollars of assessed valuation for each of six consecutive years?

YES. . . .

NO. . . .

**Statement for:**

Vote *yes* for this levy to invest in future safety and prosperity. The capability of the fire department impacts the livability and quality of our community. Judicious use of levy proceeds will allow a long-overdue upgrade of Station 87 from volunteer initial service to 24-hour paid staff. That will include a paramedic on duty 24/7 to deliver life-saving medical aid when every second counts. Demand for services has increased greatly - it is now time to bring greater coverage to the District. Levy funds will be used exclusively for fire department purposes. Vote *yes* for all of us!

**PROPERTY TAX LEVY**

Shall Clark County Fire Protection District No. 11 be authorized to impose regular emergency medical services property tax levies of thirty-five cents or less per thousand dollars of assessed valuation for each of six consecutive years?

YES. . . .

NO. . . .

**Fire Protection District No. 11 explanatory statement:**

Clark County Fire Protection District No. 11 seeks voter approval to impose a regular property tax levy in an amount equal to thirty-five cents or less per thousand dollars of assessed value of property in the District in each year for six consecutive years. The tax revenue would be used only for the provision of emergency medical care or emergency medical services.

**No statement against  
was submitted.**

**Statement for:**

Medical emergencies comprise approximately 80 percent of all 9-1-1 calls in Clark County. For Fire District 11, this amounted to over 1,400 responses in 2001.

The Board of Fire Commissioners is asking voters to authorize the addition of Paramedic services and the purchase of badly needed medical/rescue equipment.

Paramedic-trained Firefighters provide a significant improvement to current services by assuring Advanced Life Support arrives at a medical emergency within the first few minutes of the 9-1-1 call, which often means the difference between life and death.

The Levy funds will be used to: hire 3 Firefighter/Paramedics to staff the Dollars Corner station; purchase 2 cardiac monitors and 2 automatic defibrillators used to treat heart attack victims; replace 2 Jaws-of-Life rescue tools; and purchase necessary medical supplies and equipment.

Each year, District 11's call volume increases 12-15 %; fuel, electric and supply costs increase about 8-12%; 9-1-1 dispatch services went up 9% in 2001; etc. With costs far exceeding the 1% tax limitation imposed by Initiative 747, taxing agencies such as Fire District 11, must go to the voters with their requests for continued funding, or begin cutting basic services. Placing this EMS levy before the voters gives us the opportunity to have a direct say in how our tax dollars are spent.

Approval of this Levy will add needed Firefighter/Paramedics and replace aging medical/rescue equipment without cutting basic services. We strongly urge a *yes* vote on September 17.

**EMERGENCY MEDICAL SERVICES (EMS)**  
**PROPERTY TAX LEVY**

Shall Clark County Fire Protection District No. 12 be authorized to impose regular emergency medical services property tax levies of thirty-five cents or less per thousand dollars of assessed valuation for each of six consecutive years for the purpose of providing paramedic/firefighters and purchasing paramedic medical supplies and equipment?

YES. . . .

NO. . . .

**Fire Protection District No. 12 explanatory statement:**

Clark County Fire Protection District No. 12 seeks voter approval to impose a regular property tax levy in an amount equal to thirty-five cents or less per thousand dollars of assessed value of property in the District in each year for six consecutive years. The tax revenue would be used only for the provision of emergency medical care or emergency medical services.

**Statement for:**

Last year Fire District 12 responded to 803 medical and 344 fire emergencies. District 12 presently responds with only one full-time paramedic/firefighter. If this Emergency Medical Service levy passes, District 12 will hire four additional paramedic/firefighters with the goal of responding from a station in Ridgefield and LaCenter with a paramedic/firefighter over 90% of the time.

The EMS levy would cost \$.35 per \$1,000 or \$52.50 per year for an \$150,000 property for six years. The funds would be used to hire four additional paramedic/firefighters, provide mandated medical training for paramedic/firefighters and Emergency Medical Technicians, purchase additional medical equipment, and begin a wellness program for the community to prevent illness and injuries.

Paramedics can deliver Advanced Life Support at medical emergencies within the first few minutes. Because of their medical training, paramedics are able to assess critical medical emergencies, administer medications, and perform life-saving procedures. Paramedics carry over 32 medications to treat everything from heart attacks to seizures. These medications can be given while the ambulance is still en route. The closest ambulance to District 12 is stationed in either Hazel Dell, Dollars Corner, or Woodland. A Fire District 12 paramedic/firefighter will usually arrive an average of 7 minutes quicker.

This EMS levy on the September ballot will allow District 12 to provide a highly-trained and equipped paramedic/firefighter on the emergency scene during the first critical minutes.

The cost is small. The benefit may be lifesaving. We urge a yes vote.

A RESOLUTION of the Board of Directors of La Center School District No. 101, Clark County, Washington, providing for the submission to the voters of the District at a special election to be held therein on September 17, 2002, of two propositions, one proposition authorizing the District to issue its general obligation bonds in the principal amount of no more than \$12,800,000 (or such lesser maximum amount as may be legally issued under the laws governing the limitation of indebtedness), for the purpose of paying costs of modernizing and expanding the K-8 Campus (La Center Middle School, Mary Gabrielsen Elementary School and the Primary and Multi-Purpose Buildings) and the La Center High School Campus, and the second proposition authorizing the District to issue its general obligation bonds in

the principal amount of no more than \$3,200,000 (or such lesser maximum amount as may be legally issued under the laws governing the limitation of indebtedness), for the purpose of paying costs of making safety improvements to the K-8 Campus (including traffic circulation, parking, playfield and playground improvements), athletic improvements to La Center High School and relocating the maintenance and bus facility, the second proposition to be contingent upon voter approval of the first proposition, the principal of and interest on such bonds authorized by each of these propositions to be payable from annual property tax levies to be made in excess of regular property tax levies, designating the Secretary to the Board to receive notice of the ballot title from the Clark County Auditor, authorizing a request for a Certificate of Eligibility from the State Treasurer pursuant to chapter 39.98 RCW, and designating the Secretary to the Board as the District official authorized to file with the State Treasurer, on behalf of the District, the request for a Certificate of Eligibility.

WHEREAS, increasing enrollment demands, the existing condition of school facilities and the institution of new educational programs require that La Center School District No. 101, Clark County, Washington (the "District"), modernize and expand the K-8 Campus (La Center Middle School, Mary Gabrielsen Elementary School and the Primary and Multi-Purpose Buildings) and the La Center High School Campus; and

WHEREAS, the Board of Directors of the District (the "Board") wishes to provide the voters of the District an opportunity to further enhance and improve safety and the educational and athletic opportunities of students by authorizing the District to make safety improvements to the K-8 Campus (including traffic circulation, parking, playfield and playground improvements), athletic improvements to La Center High School and relocate the maintenance and bus facility; and

WHEREAS, the District lacks sufficient funds with which to carry out the foregoing projects, which are urgently required to correct the existing conditions; and

WHEREAS, the conditions and situations hereinbefore set forth create an emergency which requires the holding of a special election in the District; NOW, THEREFORE,

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF LA CENTER SCHOOL DISTRICT NO. 101, CLARK COUNTY, WASHINGTON, as follows:

Section 1. It is found and declared that an emergency exists requiring the calling of a special election and the Auditor of Clark County, Washington, as Ex Officio Supervisor of Elections (the "Auditor"), is requested to find and declare the existence of an emergency. The Auditor further is requested to call and conduct a special election in the District, in the manner provided by law, to be held therein on September 17, 2002, for the purpose of submitting to the voters of the District, for their approval or rejection, two propositions. The first proposition being whether or not general obligation bonds of the District shall be issued in the principal amount of no more than \$12,800,000 (or such lesser

maximum amount as may be legally issued under the laws governing the limitation of indebtedness), the proceeds of the bond issue to be expended to pay costs of modernizing and expanding the K-8 Campus (La Center Middle School, Mary Gabrielsen Elementary School and the Primary and Multi-Purpose Buildings) and the La Center High School Campus (collectively, the "Proposition A Project"), and excess property taxes to be levied to pay and retire such bonds. The second proposition being, only if the first proposition is approved, whether or not general obligation bonds of the District shall be issued in the principal amount of no more than \$3,200,000 (or such lesser maximum amount as may be legally issued under the laws governing the limitation of indebtedness), the proceeds of the bond issue to be expended to pay costs of making safety improvements to the K-8 Campus (including traffic circulation, parking, playfield and playground improvements), athletic improvements to La Center High School and relocating the maintenance and bus facility (collectively, the "Proposition B Project"), and excess property taxes to be levied to pay and retire such bonds. The Proposition A Project and the Proposition B Project are sometimes collectively referred to herein as the "Projects." The Projects are more fully described in Exhibit "A" attached hereto and by this reference incorporated herein.

If such propositions are approved by the requisite number of voters, the District will be authorized to issue the bonds in the manner described in this resolution, to spend the proceeds thereof to pay costs of the Projects, and levy excess property taxes to pay and retire such bonds. The cost of all necessary architectural, engineering, legal and other consulting services, inspection and testing, administrative and relocation expenses, site acquisition or improvement, demolition, on and off-site utilities, related improvements and other costs incurred in connection with the making of the foregoing capital improvements constituting the Projects shall be deemed a part of the costs of such improvements. The Projects shall include all necessary furniture, equipment and appurtenances. The proceeds of the bonds may be used to pay costs related to the sale, issuance and delivery of the bonds.

The funds derived from the sale of the bonds shall be used, either with or without additional funds now available or hereafter available to the District, for capital purposes only, which shall not include the replacement of equipment. The Projects, or any portion or portions thereof, shall be carried out insofar as is practicable with the capital funds available and in such order of time as shall be deemed advisable by the Board.

The Board, at its discretion, shall determine the application of available money, including the amounts and sources of funding to be applied to the various parts or elements of the Projects so as to accomplish, as near as may be, all the improvements constituting the Projects. The Board shall determine the locations, the actual order of proceeding and the exact extent or scope of improvements and specifications for accomplishing the Projects.

Section 2. The respective bonds authorized may be issued as a single issue, as a part of a

combined issue with other authorized bonds, or in more than one series. The bonds shall be fully registered bonds; shall bear interest payable as permitted by law; shall mature within 20 years from the date of issue (the life of the Projects being at least 20 years), and may be such lesser time as fixed by the Board; shall be paid by annual property tax levies sufficient in amount to pay both principal and interest when due, which annual property tax levies shall be made in excess of regular property tax levies without limitation as to rate or amount but only in amounts sufficient to meet such payments of principal and interest as they come due; and shall be issued and sold in such manner, at such times and in such amounts as shall be required for the purpose for which such bonds are to be issued. The exact date, form, terms, option of prior redemption, price, interest rate or rates and maturities of the bonds shall be hereafter fixed by resolution of the Board. Pending the issuance of the bonds, the District may issue short-term obligations pursuant to chapter 39.50 RCW.

The Board declares that to the extent, prior to the date bonds or other short-term obligations are issued to finance the Projects, the District shall make capital expenditures for the Projects from funds that are not (and are not reasonably expected to be) reserved, allocated on a long-term basis or otherwise set aside by the District under its existing and reasonably foreseeable budgetary and financial circumstances to finance the Projects, those capital expenditures are intended to be reimbursed out of proceeds of the bonds or other short-term obligations issued in an amount not to exceed the principal amount of the bonds provided by this resolution.

Section 3. If available funds from the proceeds of bonds authorized for the above purposes are more than sufficient to carry out the Projects, or should state or local circumstances require any alteration in those purposes, the District may acquire, construct, equip and make other capital improvements to the facilities of the District, all as the Board may determine by resolution, after holding a public hearing thereon pursuant to RCW 28A.530.020.

If the Board shall determine that it has become impractical to accomplish any of such improvements or portions thereof by reason of state or local circumstances, including, but not limited to, changed conditions or needs, regulatory considerations, incompatible development or costs substantially in excess of those estimated, the District shall not be required to accomplish such improvements and may apply the bond proceeds or any portion thereof to other portions of the improvements, to other capital purposes of the District, or to payment of principal of or interest on the bonds, as the Board may determine by resolution, after holding a public hearing thereon pursuant to RCW 28A.530.020. In the event that the proceeds of sale of the bonds, plus any other money of the District legally available, are insufficient to accomplish all of the capital improvements making up the Projects, the District shall use the available funds for paying the cost of those improvements for which the bonds were approved that are deemed by the Board most necessary and in the best interest of the District.

It is anticipated that the District may receive some funds from the State of Washington as state financing assistance under chapter 28A.525 RCW with respect to the Projects. Such money shall be used, when and in such amounts as it may become available, to accomplish and carry out the Projects

or if the Projects have been completed, to retire indebtedness from this issue of bonds, or for such other purposes as the Board may determine after holding a public hearing thereon pursuant to RCW 28A.530.020.

#### RESOLUTION NO. 2002-06-01

A RESOLUTION providing for the submission to the voters at the September 17, 2002 election a proposition authorizing a levy to be used for operating funds, maintenance and salaries of the North Country Emergency Medical Service for an estimated period of three years.

WHEREAS, the Governing Board of Clark County Emergency Medical Service, District No. 1, Clark County, Washington, is proposing submission to the voters of the District at an election to be held on September 17, 2002, a proposition authorizing a levy to be made in 2003 upon all taxable property within the District of \$1,062,980, the estimated cost to be approximately \$1.50 per \$1,000 of assessed valuation in excess of the maximum tax levy specified by law for Emergency Medical Service Districts without a vote of the electors for the General Fund of the District. The proceeds of the levy are to be used for operating funds, maintenance and salaries of the North Country Emergency Medical Service for an estimated period of three years; and

WHEREAS, it is certain that the money which will be available in 2003-2005 will be insufficient to pay the costs of the Medical Program and to meet the other general expenses of the Emergency Medical Service District and it is necessary that an additional tax levy of \$1,062,980 needs to be made for the purposes outlined above; and

WHEREAS, this situation requires that an election be held in the District; now, therefore,

maximum tax levy provided by law for Emergency Medical Service Districts without a vote of the electors of the district, the proceeds to be used for the sole purpose of continuing the operation, maintenance and the staff salaries of the North Country Emergency Medical Service for an estimated three-year period.

**Section 2.** The "Ballot Title" of the aforesaid proposition shall be as follows:  
Clark County Commissioners adopted Resolution # 2002-06-01, referring to the voters a proposition to allow the Clark County Emergency Medical Services District No. 1 to vote on a one-year excess levy in 2002 to collect \$1,062,980 in 2003, at an approximate tax rate of \$1.50 per \$1,000 of assessed valuation, with the funds to be used for maintenance, operation, and staff salaries for the North Country Emergency Medical Service for an estimated 3-year period. Should this tax levy be approved?

TAX LEVY...YES TAX LEVY...NO

**Section 3.** The Clerk of the District is directed to certify to the County Auditor of Clark County, Ex-Officio supervisor of elections of said County, a copy of this Resolution showing its adoption by the Governing Board, at least 45 days prior to the date of such election, and to perform such other duties as are necessary or required by law to the end that the question of whether or not said excess tax levy shall be made as herein provided for shall be submitted to the voters of the Emergency Medical Service District at the aforesaid election.

BE IT RESOLVED, a copy of this Resolution shall be filed with the Clark County Auditor.
