The Law as it Presently Exists

Until 1998, Washington law allowed the use of affirmative action in public education, public contracting, and public employment, subject to constitutional limits on the use of affirmative action. In 1998, Washington voters approved Initiative 200 (I-200). I-200 prohibits state and local government from making decisions on the basis of race, sex, color, ethnicity, or national origin in public employment, public education, and public contracting.

I-200 provides several exceptions involving disparate treatment based on sex. It does not apply to lawful classifications that are based on sex and are necessary for sexual privacy; medical or psychological treatment; undercover law enforcement; or film, video, audio, or theatrical casting. I-200 also allows separate athletic teams for each sex.

I-200 permits state and local governments to participate in federal programs that require actions that I-200 would otherwise prohibit. This allows state and local agencies to receive federal funds when federal law requires certain measures based on race, sex, or other categories.

The Effect of the Proposed Measure if Approved

The public vote on Referendum 88 will decide whether Initiative 1000 (I-1000) becomes law.

I-1000 would allow the state to remedy documented discrimination or underrepresentation of disadvantaged groups in public education, employment, and contracting. Whether a group is disadvantaged would be determined by a valid disparity study or proven in court.

I-1000 would also allow affirmative action to increase diversity in public education, public employment, and public contracting. I-1000 would define affirmative action as a policy that considers an individual's race, sex, ethnicity, national origin, age, sensory, mental or physical disability, or veteran or military status, when selecting qualified persons for opportunities in public education, public employment, and public contracting. Affirmative action would include, for example, recruitment, hiring, training, promotion, outreach, setting and achieving goals and timetables, and other measures to increase diversity. Affirmative action could not be used to impose quotas. In addition, race, sex, color, ethnicity, national origin, age, sexual orientation, sensory, mental or physical disability, and veteran or military status could not be used as the sole qualifying factor to select a less qualified person over a more qualified person.

I-1000 would not prohibit state and local government from taking actions needed to establish or maintain eligibility for federal programs. But before such actions could be taken, certain state government officials would have to determine that it was necessary to avoid a material loss of federal funds.

I-1000 would also establish a Governor's commission on diversity, equity, and inclusion. The commission would monitor and enforce agency compliance with I-1000. The commission could propose or oppose legislation. It would publish annual reports on the progress of agencies in achieving diversity, equity, and inclusion in public education, public employment, and public contracting. Various elected and appointed officials would serve on the commission.

FISCAL IMPACT SUMMARY

Initiative 1000 was enacted in the 2019 legislative session, but has not gone into effect because the voters submitted petitions to refer the measure to the November 2019 general election ballot. If the voters approve the referendum, Initiative 1000 would go into effect and the total costs to the state in the 2019–21 biennium and ongoing would be \$1.5 million. There are no known state or local revenue impacts that would result from the passage of this measure.

SUMMARY

Referendum 88 would place Initiative 1000 onto the ballot for approval or rejection by the voters.

Initiative 1000 permits the state to adopt policies that allow an individual's race, sex, ethnicity, national origin, age, the presence of any sensory, mental, or physical disability, and honorably discharged veteran or military status to be factors considered in the selection of qualified applicants for opportunities in public education, public employment, and public contracting. Initiative 1000 does not allow an individual's race, color, sex, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental or physical disability, and honorably discharged veteran or military status to be used as the sole qualifying factor to select a lesser qualified candidate over a more qualified candidate for a public education, public employment or public contracting opportunity.

Initiative 1000 creates the Governor's Commission on Diversity, Equity, and Inclusion (Commission). The Commission is responsible for planning, directing, monitoring and enforcing each state agency's

compliance with the initiative. The Commission is required to publish an annual report on the progress of all state agencies in achieving diversity, equity and inclusion in public education, public employment, and public contracting. The Governor appoints some commission members, who serve four-year terms. Other members are the directors or chairs of 25 state agencies, councils, or boards. The Commission also includes two state senators, one from each of the two largest caucuses, appointed by the president of the Senate, and two members of the state House of Representatives, appointed by the speaker of the House of Representatives. Legislative members serve two-year terms.

GENERAL ASSUMPTIONS

- The effective date of the referendum if approved is December 5, 2019.
- Estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2020 is July 1, 2019, to June 30, 2021.
- The Governor's Office of Diversity, Equity, and Inclusion will hold six meetings in Olympia, three meetings in Seattle, and three meetings in Eastern Washington.

REVENUE

The referendum has no known state or local revenue impact.

EXPENDITURES

A vote to approve the referendum would result in costs for state government for the creation of the Governor's Office of Diversity, Equity and Inclusion and for implementation of the policies allowed under Initiative 1000.

Costs related to creating an office and conducting commission activities are estimated to be \$582,000 for the 2019–21 biennium and ongoing. These include salaries and benefits for a full-time policy analyst and a part-time administrative assistant to staff the commission to make appointment recommendations to the Governor, plan monthly commission meetings and pay for meeting rental charges, legal services, and travel costs for commission staff.

Costs related to commission meetings for agencies required to participate in the commission and expected to pay their own travel costs are approximately \$3,000 per agency, when counting only the travel costs, and up to \$38,000 per agency when the cost of staff is included. This cost would be ongoing.

Costs related to reporting and compliance at state agencies and universities depend upon the level of tracking and reporting each agency now has in place.

For the institutions of higher education, expanding the current non-discrimination categories and protected classes will add program, tracking, and reporting work. For example, the University of Washington Business Diversity and Equity, which has responsibility for the university's equity policy, reports that it will need two additional program coordinators per year at a cost of approximately \$483,000 in the 2019–21 biennium. There are likely to be similar, yet-to-be-determined costs at the other state colleges and universities and state agencies related to programming, tracking and reporting each entity's progress on diversity, equity and inclusion goals.

Argument for

Last year, nearly 400,000 voters petitioned lawmakers to support Initiative 1000, restoring fairness and opportunity to Washington's public employment, contracting, and education enrollment policies. Our State Legislature listened, and passed I-1000. With special interests paying to overturn this law, voters must approve I-1000.

I-1000 Ensures a Level Playing Field with No Quotas

I-1000 simply restores rights consistent with 42 other U.S. states, ensuring fairness and opportunity for all people and small businesses. It allows outreach and recruitment to veterans, women, minorities, and others too often left behind in government hiring, contracting, and education. Under I-1000, quotas and preferential treatment are prohibited, and no one who is unqualified will be selected due to preferential treatment.

Improved Opportunity for Veterans and People of All Abilities

I-1000 expands laws allowing consideration for Vietnam era and disabled veterans in government contracting and employment to include all honorably discharged veterans and military personnel, honoring the sacrifice of those delaying entry into the workforce—or returning injured or disabled.

Build a Healthy Economy, Expand Small Business Opportunities

I-1000 ensures fairness and opportunities for small businesses competing for public contracts—helping local businesses grow local jobs. And, large employers need a diverse, skilled workforce, which is why Microsoft, Alaska Airlines, Vulcan, Amazon, and many other businesses all support I-1000, joining Labor organizations and civil rights groups like the ACLU and Urban League.

We urge all Washingtonians to approve I-1000 for fairness and equal opportunity.

Rebuttal of argument against

Don't be fooled! I-1000 unifies us and creates opportunity for all! I-1000 prohibits government discrimination because of your age, gender, disability, race or veteran status without using quotas or preferences. It guarantees fairness and accountability. That's why nearly 400,000 Washington voters are standing against fear and division. We're taking action to help veterans, women, seniors, small businesses, and the disabled. Join the broad coalition of business, labor and community by approving I-1000!

Argument against

Referendum 88 Would Divide Us

Let's start where we all agree: There's too much division in our society today. We need solutions that bring us together. But Referendum 88 (also known as Initiative 1000) creates *more* division by allowing the government to inject race into college admissions and government employment. That's wrong. And it drives us further apart.

R-88 Would Allow Government-Sponsored Discrimination

Referendum 88 allows the government to use different rules for different races in deciding who gets into state colleges and universities, who gets hired for jobs in state, county or city government, and who gets a government contract. By separating people this way, Referendum 88 drives a deeper wedge into our community and actually empowers those who would divide us.

As a community we must not let that happen.

R-88 Would Damage Progress Already Made on Diversity

Referendum 88 would overturn a voter-approved state law that forbids discrimination and preferences based on race and gender. And the law has worked well. Our college campuses are more diverse now than before the current law was enacted.

R-88 Lacks Accountability

Referendum 88 would create a massive government agency to enforce the use of race in government employment, college admissions and public contracting. Referendum 88 would be overseen by an unelected board that would *not* be accountable to voters. A board with sweeping authority to make decisions on preferences in academic admissions and government hiring. Send the Olympia politicians who support this a message: *Reject Referendum 88!*

Rebuttal of argument for

Referendum 88 (I-1000) uses quotas and harms Veterans.

Since 1895, Washington has guaranteed honorably discharged and disabled veterans a preference in public employment. Referendum 88 eliminates that preference through a hidden loophole in Section 3. Racial quotas are implemented under Sections 8, 9, and 11, with a "disparity" study to count by race, goals to enroll and hire by race, and timetables enforced by bureaucrats. Quotas harm everyone, including our Veterans. Reject Referendum 88.

Initiative Measure No. 976 concerns motor vehicle taxes and fees.

This measure would repeal, reduce, or remove authority to impose certain vehicle taxes and fees; limit annual motor-vehicle-license fees to \$30, except voter-approved charges; and base vehicle taxes on Kelley Blue Book value.

Explanatory Statement

Written by the Office of the Attorney General

The Law as it Presently Exists

A. Motor Vehicle Registration and License Fees

Owners of motor vehicles pay state and local license fees and excise taxes when they register vehicles and obtain license tabs each year. The total, combined amount depends on the type and weight of the vehicle, as well as where the vehicle is registered.

The base annual license fee ranges from \$30 to \$93 for most passenger vehicles, such as cars, motorcycles, and light-duty trucks. An additional fee is then added depending on the vehicle's weight. The vehicle weight fee can range from \$25 to \$65 for most passenger vehicles. Funds from the license and vehicle weight fee are used to pay for a variety of state transportation purposes, including road and highway repairs.

Owners of snowmobiles pay an annual license fee of \$50. The snowmobile license fee helps pay for snowmobile facilities and snowmobile safety, enforcement, and education programs throughout the state. Owners of commercial trailers pay \$34 for initial registration and \$30 for each annual renewal. These license fees also pay for state transportation purposes.

Additional taxes and fees may be added depending on the city and county where the vehicle is registered. These taxes and fees help pay for local transportation improvement projects, passenger-only ferries, and other transportation purposes. Some residents of King, Pierce, and Snohomish County also pay voter-approved, annual motor vehicle excise taxes (MVET) that help pay for mass transit projects run by Sound Transit. The MVET is calculated based on a vehicle valuation and depreciation schedule that is set in state law. The total rate of the current MVET is one and one tenths percent (1.1%) of the value of the vehicle as determined by the statutory formula. Future approved MVET's cannot exceed eight-tenths of one percent (0.8%) of the value of the vehicle.

Finally, other fees may be included in the total amount, such as for county filing and service fees, fees for special license plates, or fees for certain types of vehicles. For example, owners of electric vehicles currently pay a \$150 fee that goes toward paying for transportation feasibility studies and other transportation purposes. An additional \$75 transportation electrification fee will go into effect for electric vehicles on August 1, 2019. This fee will be used to support green transportation projects.

B. Taxes on Selling, Leasing, or Renting a Motor Vehicle

Each retail sale or lease of a motor vehicle is subject to an additional state excise tax known as the "motor vehicle sales/lease tax." This tax, which is in addition to general sales and use taxes, is set at three-tenths of one percent (0.3%) of the selling price of every motor vehicle in the state. Off-road vehicles, snowmobiles, and other non-highway vehicles are not subject to the tax. Farm tractors and vehicles are also not subject to the tax so long as the vehicles are not used for marijuana production. Funds from the motor vehicle sales/lease tax pay for transportation services in the state.

Regional transit authorities in King, Pierce, and Snohomish counties may also impose additional sales and use tax on car rentals. The rate of the tax may not exceed 2.172 percent (2.172%) of the selling price of the rental. Funds from this tax are used to provide mass transit services run by Sound Transit.

C. Sound Transit Funding

State law authorizes Sound Transit to collect multiple types of taxes from some King, Pierce, and Snohomish County residents to help pay for mass transportation projects. These taxes include the MVET and the additional sales and use tax on rental cars previously described, as well as a local property tax and a local sales and use tax on purchases made within the district. Sound Transit also uses federal grants, transit fares, interest earnings, and other revenue to pay for its transportation projects.

Since 1999, Sound Transit has issued and sold public bonds to finance its transportation projects. Sound Transit uses the revenue from the MVET and other taxes to pay the principal and interest on the bonds. It promised its bondholders that it would continue to collect the taxes until the bonds are retired. In 2006, the Washington Supreme Court held that state law could not change the terms of any existing Sound Transit bond contracts while the bonds are still outstanding. This means that Sound Transit must continue to use the tax rate and valuation formula that were in effect at the time the bond was issued, even if state law later changes the rate or formula, until the bonds are retired, defeased, or refinanced under different contract terms.

The Effect of the Proposed Measure if Approved

This measure would reduce funding for state and local transportation projects by repealing, reducing, or removing state and local authority to impose certain vehicle taxes and fees. The measure would limit

annual state and local license fees for motor vehicles weighing 10,000 pounds or less to \$30, unless the fee is approved by voters. License fees, such as the motor vehicle weight fee and transportation benefit district fees, would be eliminated. The electric vehicle license fee would be lowered to \$30. The transportation electrification fee would remain the same. The license fee for snowmobiles and commercial trailers would be lowered to \$30. Other fees, such as service and filing fees, would remain the same. The measure would also eliminate the state motor vehicle sales/lease tax and eliminate authority to impose a local motor vehicle excise tax that supports passenger-only ferries.

Any regional transit authority, such as Sound Transit, that has issued bonds financed by a motor vehicle excise tax would be required to defease, refinance, or retire the bonds early, if the bond contracts allow such action. Once the bonds have been defeased, refinanced, or retired, the authority to impose the MVET and the additional sales and use tax on rental cars would be repealed automatically. If the regional transit authority is not able to completely defease, refinance, or retire the bonds by March 31, 2020, any existing voter-approved MVETs would remain unchanged, and the maximum rate of future voter-approved MVETs would be reduced from 0.8% to 0.2%.

The measure would also require that any future vehicle taxes, including voter-approved MVETs, be determined by using a vehicle's base model Kelley Blue Book value. The base value would not include any applicable federal excise taxes, state and local sales and use taxes, transportation or shipping costs, and preparatory and delivery costs. The measure would require the Department of Licensing to use a vehicle's base model Kelley Blue Book value for any appeal of the valuation of the vehicle.

Fiscal Impact Statement

FISCAL IMPACT SUMMARY

Initiative 976 changes vehicle taxes and fees by lowering motor vehicle and light duty truck weight fees to \$30; eliminating the 0.3 percent sales tax on vehicle purchases; lowering electric vehicle and snowmobile fees; modifying and reducing Sound Transit motor vehicle excise tax provisions; and removing authority for transportation benefit districts to impose a vehicle fee. Total revenue loss to the state in the next six years is \$1,921,901,238. Total revenue loss to local governments in the next 6 years is \$2,317,121,034. The

departments of Licensing and Revenue have estimated implementation costs of \$2,846,800 in the 2019–21 biennium.

General Assumptions

- Except as otherwise provided, the effective date of the initiative, if approved by voters, is December 5, 2019. Section 10 and 11 take effect on the date that the regional transit authority complies with section 12 of this act. Section 13 takes effect on April 1, 2020, if sections 10 and 11 have not taken effect by March 31, 2020.
- The provisions of the initiative apply prospectively, not retroactively.
- Fiscal estimates use the state's fiscal year of July 1 through June 30. Fiscal year 2020 is July 1, 2019, to June 30, 2020.
- State revenues are based on the June 2019 transportation revenue forecast.
- Local revenues are based on the most recent actual figures and are not forecasted.
- Transportation benefit districts (TBDs) have the authority to collect vehicle fees, and sales and use tax. This initiative repeals only the authority to collect vehicle fees, so TBDs could continue to collect sales and use tax.
- Section 5(1) erroneously states that the electric vehicle fee is \$130 total. RCW 46.17.323 includes two fees. \$100 in section (1) and \$50 in section (4)(a). The current electric vehicle fee is \$150 total. Calculations for the impact of the fee reduction are based on the correct fee. Chapter 287, Laws 2019 establishes the transportation electrification fee of \$75. I-976 would lower the \$100 in section (1) to \$30 and eliminate the \$50 in section (4)(a). It does not affect the new \$75 fee.

REVENUE

State Revenue

The initiative reduces license fees for vehicles under 10,000 lbs. to \$30. The additional 0.3 percent sales and use tax on motor vehicle sales is eliminated. The snowmobile license fee is reduced from \$50 to \$30. Commercial trailer fees are reduced from \$34 to \$30. The electric vehicle fee in Section 5(1) is reduced from \$100 to \$30. An additional electric vehicle fee in Section 5(4)(a) of \$50 is eliminated.

The Rural Arterial Trust Account funds construction and improvement of county roads and bridges.

The Motor Vehicle Account is the main source of funds for highway construction, maintenance, ferries and support services. A portion of motor fuel tax revenues is distributed to cities and counties for road programs.

The Puget Sound Ferry Operations Account funds ferry operations and maintenance.

The Transportation Improvement Account funds administration of the Transportation Improvement Board and grants for local government transportation projects that address congestion.

The Multimodal Transportation Account funds all modes of transportation projects, including public transportation, rail and bicycle/pedestrian projects.

The Transportation 2003 Account funds debt service on bonds and Washington State Department of Transportation operating and capital highway programs.

Local Revenue

This initiative repeals local authority to impose a TBD vehicle fee. TBD vehicle fees are used by 62 municipalities across the state to fund local improvements such as road repair and maintenance, transit systems and sidewalks. In fiscal year 2018, TBDs using a vehicle fee across the state collected \$58,186,839. This revenue would be eliminated beginning on the effective date of this initiative.

Sections 10 and 11 would reduce the motor vehicle excise tax (MVET) that funds the Central Puget Sound Regional Transit Authority (RTA) commonly known as Sound Transit. MVET rates are reduced from .8% to .2% and will be calculated based on Kelley Blue Book vehicle value instead of the manufacturer’s suggested retail price.

This tax rate would be repealed when the RTA is able to refund, refinance or defease, or terminate, outstanding bonds that have been issued against this tax. It is unknown if this is possible. If the bonds are not able to be defeased, the MVET will remain unchanged to pay off the bonds previously issued that are pledged to the revenue source. If the bonds are able to be defeased, Sound Transit’s revenue would be reduced by \$328,000,000 per fiscal year based on 2018 revenue. For new bonds issued, the MVET will decrease from .8% to .2%.

This initiative repeals local authority to impose a passenger-only ferry tax. Currently there are no passenger-only ferry districts using the MVET authority to fund their ferries, although they would no longer have the option.

Tax/Fee	Fiscal year 2018 revenue impact
TBD Fee	(\$58,186,839)
RTA MVET	(\$328,000,000)
Passenger-only ferry MVET	0

EXPENDITURES

State Government Expenditures
Temporary higher administrative costs at Department of Licensing and Department of Revenue

The Department of Licensing (DOL) would have temporary, higher administrative and computer costs to implement this initiative. If Sound Transit is able to defease or refinance its bonds and the MVET is reduced, DOL will issue refunds to customers who register their vehicles prior to their annual vehicle registration date. The DOL will also have costs for computer updates, temporary staffing costs for additional calls to their call center, and accounting services to issue refunds. Biennial administrative costs for the agency are \$2,740,900 in the 2019–21 biennium.

The Department of Revenue (DOR) will experience temporary, higher administrative costs to implement this initiative. The DOR will have costs for computer updates and administrative costs for rule making, accounting services to issue refunds and developing new forms. Biennial costs for the agency are \$105,900 for computer updates and administrative items in the 2019–21 biennium.

Argument for

\$30 tabs now!

Taxpayers are getting ripped off, politicians know it, refuse to fix it

Taxing a \$10,000 vehicle like it's \$25,000 is fraud. I-976 repeals the dishonest valuation schedule *politicians are currently using* to artificially inflate your taxes. No more price gouging!

I-976 limits license tabs to a flat, fair, and reasonable \$30 per year for your car, truck, motorcycle, motorhome, and other vehicles. We're paying sales taxes when we *buy*, gas taxes when we *use*, we shouldn't have to pay *dishonest triple taxes* just to *own* it. Working class folks, not just rich people, should be able to afford a newer vehicle.

If politicians had any compassion for the average taxpayer, I-976 wouldn't be necessary

Washington is one of the highest taxed states in the nation. Dishonest vehicle taxes, skyrocketing property taxes, crushing sales taxes, massive gas taxes, obnoxious tolls, and costly fees on everything. Despite record revenues and \$3.5 billion tax surplus, Olympia imposed 11 new taxes costing \$27 billion. It's insane. Now they're demanding income taxes, carbon taxes, pay-per-mile taxes. Enough!

If we can't get tax relief when there's a huge \$3.5 billion tax surplus...

...when can we? Besides, all the money taxpayers save will get pumped right back into our state's economy. Opponents' threats, lies, and scare tactics are absurd – I-976 only affects a tiny fraction of government spending.

Stop getting ripped off – your vote for I-976 tells politicians you're taxed out

Politicians will *never* limit taxes – here's our only chance. Vote "Yes."

Rebuttal of argument against

Triple taxing vehicles is indefensible. Taxing a \$10,000 vehicle like it's \$25,000 is fraud. Taxpayers are getting ripped off – *that's* the issue. Personally attacking Tim Eyman? Distraction. (the truth: "*Eyman risks \$500K of his own money to fund car tab initiative*"). The threats, lies, and scare tactics about I-976 are silly: massive \$3.5 billion tax surplus and record revenues can easily backfill affected programs. I-976 forces politicians to reexamine, prioritize. Reject dishonest taxes. Vote "Yes."

Argument against

Tim Eyman's latest misguided, deceptive initiative would irresponsibly slash state and local transportation funding by more than \$4.2 billion over the next six years, undermining our ability to address critical safety and traffic problems. Vote *no* on 976!

976 Threatens Transportation Safety

Washington has over 160 bridges and overpasses in "poor" condition. 976 jeopardizes public safety, delaying projects to fix dilapidated bridges, overpasses, and tunnels that do not meet earthquake safety standards. The Washington State Troopers Association says, "We oppose this dangerous measure because it would stop thousands of needed road safety repair projects across the state, putting driver and pedestrian safety at greater risk."

976 Will Harm Your Local Community

This measure eliminates important local transportation funding in 62 cities throughout Washington. As a result, cities from Seattle to Spokane, from Anacortes to Zillah, would lose nearly \$60 million a year in funding needed for bus service, to repair potholes, upgrade safety, provide transit to seniors and people with disabilities, and reduce congestion.

976 Will Devastate Public Transit

Public transit connects people to jobs, education, health care, and each other. Many in our communities rely on public transportation as their primary way to get around. This measure would gut voter-approved light rail expansion and eliminate hundreds of thousands of bus trips each year for commuters, people with disabilities, teenage and elderly riders.

Public safety and transportation experts, business, labor and environmental groups all oppose Eyman's latest flawed and deceptive money-making scheme. Vote *no* on 976!

Rebuttal of argument for

Eyman's 976 might sound good, but in reality *it slashes transit and transportation funding by billions*, harming our ability to maintain and improve our roads, bridges, ferries, buses and light rail. And 976 isn't fair. It will give huge tax breaks to owners of brand-new luxury cars, and almost nothing to someone who drives a 10-year-old Corolla – while leaving all of us stuck in traffic. Vote *no* on 976!

Second Substitute House Bill 1087 (2SHB 1087)

Cash receipt assumptions would be based on variables for which the data is unavailable to the state. Variables include: the number of self-employed persons who will elect coverage; the number of individuals exempted from Unemployment Insurance who are not exempted from the premium; and the number of individuals who have long-term care insurance and may be exempted from the premium. Since cash receipts cannot be determined, the ten year analysis is "indeterminate."

Senate Joint Resolution No.

8200

The legislature has proposed a constitutional amendment concerning legislative powers in times of emergency.

This measure would add “catastrophic incidents” to the specified times of emergency that the legislature may take certain immediate actions to ensure continuity of state and local governmental operations.

Explanatory Statement

Written by the Office of the Attorney General

The Constitutional Provision as it Presently Exists

Article II, section 42 of the Washington State Constitution permits the legislature to adopt legislation governing certain immediate actions in times of emergency resulting from enemy attack. The authorized legislation includes measures to ensure continuity of state and local governmental operations and appointing public officers to ensure public duties continue to be carried out.

The Effect of the Proposed Amendment if Approved

This measure would allow the legislature to adopt legislation governing continuity of state and local operations not just in case of “enemy attack,” but also in the event of “catastrophic incidents.”

Why the 2020 Census matters

Every 10 years, as required by the United States Constitution, the U.S. Census Bureau takes a complete count of the country’s population. Every person living in the U.S. is expected to participate. The Census Bureau collects data for statistical purposes only and is required by law to protect your individual identity.

Having accurate, updated census information is vitally important. The information is used by Congress to distribute more than \$880 billion in federal health, education, and infrastructure funds to states, counties, and cities based on population. Census information is also used by Washington’s bipartisan redistricting commission to draw new, equally-populated legislative and congressional districts that reflect the population growth and shifts over the past decade.

The Census Bureau will begin collecting information in March 2020 and you can respond online, by mail, by phone, or with an in-person interview. You’ll be asked to complete a questionnaire with a few basic facts about the people in your household. It’s easy and confidential. Remember, everyone counts — so when you receive the official questionnaire, complete it for each person in your household.

Argument for

Our State Is Not Prepared for a Catastrophic Event

Following a catastrophic incident, it is critical for government to continue to function. The Washington State Constitution sets forth how governments will operate in the aftermath of an “enemy attack” but not in the case of other types of catastrophic incidents that may occur. The intent of this constitutional amendment is to ensure that state and local governments can properly function after any type of major disruption.

Voting Yes Is One Critical Step to Get Ready for a Disaster

This constitutional amendment allows for governments to continue operations after a “catastrophic incident.” A catastrophic incident is defined to include natural disasters, terrorism attacks, and other events that result in extraordinary levels of mass casualties, damage or disruption severely affecting the population, infrastructure, environment, economy or government functions.

We Never Know When a Disaster Will Strike, We Must Prepare Now

This amendment is essential for us to prepare for incidents such as the inevitable Cascadia earthquake, catastrophic wildfires or a catastrophic pandemic. The reality is that these events will occur at some point in the future, bringing about such damage and disruption severe enough to interfere with government operations. State and local governments need to be better prepared to continue to operate after these catastrophic events. This would allow us to take action to plan for those important steps now.

Vote Yes on SJR 8200

Rebuttal of argument against

This measure lives up to the existing framework for protecting critical functions of state and local governments, enshrined in our state constitution nearly 60 years ago. The definition of “catastrophic incident” is clear and military and other federal agencies use it too. By voting yes, you are allowing government to continue after “extraordinary levels of mass casualties, damage, or disruption severely affecting the population, infrastructure, environment, economy, national morale, and/or government functions.”

Argument against

Weakens Constitutional Protections for Citizens and Grants More Power to Government

This measure changes the constitution of our state to allow the legislature to bypass current constitutional and statutory provisions over the state legislature and how it operates. Current provisions allow this exemption in the event of enemy attack. The changes being made with this proposal would allow this exemption in the case of “catastrophic incident”.

Criteria Not Defined

This measure does not adequately define what constitutes a “catastrophic incident” nor does it define how widespread such an incident must be in order to trigger this provision. You would have to trust government to make these decisions with or *without* your input. We should demand a better proposal with clear definitions.

Legislative Dictates

This would grant Legislative leaders from distant areas of the state free reign to change the location of the Capitol, appoint legislators and local government officials to represent you, and pass bills as they see fit with no legislative process requirements, leaving you with no recourse to stop anything they do nor how they do it.

May Hurt You When You Need Help the Most

Passage of this measure will allow government to decide who will make the laws on your behalf and potentially concentrate power in fewer individuals further from you and your interests; and they will be able to do it at a time when you need the constitutional protections and assistance the most.

Rebuttal of argument for

While it is important to prepare for disasters, the legislature needs to provide more specificity on *how* it would use this new authority *before* voters approve this authority. How large an area much be affected and what actions they would take should be better spelled out *prior* to voters extending any additional authority. Don't wait for disaster to strike to find out their intent – insist they tell you *before* you change the constitution.

County Auditor letter

Dear Clark County Voter,

This Local Voters' Pamphlet is designed to help you make important decisions in this year's General Election. You have the opportunity to vote for candidates, and on issues, that will affect you and your family.

If you are a registered voter you may update your address online, by email or phone by 5 pm Monday, Oct. 28, or in person through Election Day, Tuesday, Nov. 5. If you are not registered to vote you may do so online by 5 pm Oct. 28, and in person through Election Day. If you prefer to use a paper voter registration form there is one on page 148 of this voters' pamphlet.

If you return your voted ballot through the mail you do not need to put a stamp on it. **If you want to save your government the expense of providing postage you can return your ballot to one of the seven 24-hour permanent ballot drop boxes beginning Friday, Oct. 18.** Voters also may turn in ballots at **one of 22 staffed ballot drop-off boxes available 7 am to 8 pm on Election Day.** Ballots also may be returned to the Elections Office, 1408 Franklin St. Find more information about ballot drop off options on pages 54 and 55 of this voters' pamphlet.

You can check, and if necessary update, your voter registration information, the status of your ballot and other related information online at www.clarkvotes.org and clicking on the "MyVote" icon. You may contact the Elections Department at 564-397-2345 or elections@clark.wa.gov to update your address or to obtain other information. Keeping your mailing address current enables us to send you the ballot you are entitled to vote.

If you are a registered voter and have not received your General Election ballot in the mail by Friday, Oct. 25, I urge you to contact the Elections Department for a replacement ballot.

This Local Voters' Pamphlet contains information about candidates for offices and issues that may not appear on your ballot. Producing a single version of the voters' pamphlet and mailing it to every household in the county is much less complex and expensive than creating a voters' pamphlet for each of the 110 unique ballot style combinations used in this election.

I urge you to read this pamphlet but also to seek out more information. The best decisions are made by informed voters. Your vote makes a difference. I encourage you to join me in exercising one of the most precious rights we have as Americans – the right to vote.

Sincerely,

Greg Kimsey
Clark County Auditor

Accessible voting

Using the Touch Writer

Clark County voters with disabilities have the option of casting their ballot independently using an accessible voting unit.

The Touch Writer voting unit is a ballot marking electronic machine that allows voters with disabilities, including those who are blind, mobility-impaired or lack upper-body dexterity, to vote privately and independently. The Touch Writer is in a booth that is wheelchair-accessible.

Beginning 18 days before each election, this accessible voting machine is available from 8 am to 5 pm, and on Election Day from 7 am to 8 pm at the Clark County Elections Office, 1408 Franklin Street, Vancouver.

To get to the Elections Office on C-Tran, take bus #25 Fruit Valley and St. Johns route. The bus stop is located at Franklin Street and Mill Plain Boulevard.

The Touch Writer unit is in a wheelchair-accessible booth.

About the Touch Writer

The Touch Writer is accessible in several ways:

- For those who cannot operate the Touch Writer using the buttons and wheel, special interface devices are available as shown here.
- For those who cannot see or read the Touch Writer screen, use the headphones with volume control to hear the ballot.

Accessible features

- Those who are visually impaired or have difficulty reading can listen to the ballot. The SELECT wheel is the trigger to the audio. Turning clockwise moves the listener through the ballot. To hear something repeated, turn the SELECT wheel counterclockwise. Those using hearing aids with a telecoil mode may use their neckloop rather than the headphones.
- Voters who lack upper-body dexterity can use the jelly switches to move through the ballot. The RED jelly switch is the same as the SELECT wheel. The GREEN jelly switch is the same as the ENTER button.
- Voters with quadriplegia can use their sip-n-puff to vote the ballot. Sip to move through the ballot. Puff to mark your choice.

Voting instructions

Here are a few important reminders to make sure your ballot is counted.

Your ballot packet will be mailed to you approximately 18 days before the November 5, 2019 General Election. It will contain:

- An instruction sheet that explains the voting process
- The official ballot where you will mark your choices
- A yellow secrecy envelope
- A postage-paid return envelope with a green stripe

Mark your ballot by completely filling in the box to the left of your choice with a black or blue ink pen. If you want to vote for a candidate not appearing on the ballot, mark the box to the left of Write-In and use the dotted line provided to indicate your choice. Be sure to mark only one choice for each race or measure on the ballot.

*Example:
Candidate 2 has
been chosen.

One candidate has
been marked and
the box is filled in
completely.*

Check your ballot to be sure you have voted for the candidates and measures you intended. Make sure you mark only one response box in each race or measure. If you mark more than one, your vote in that race will not be counted. Your other votes will be counted if they are done correctly.

If you make a mistake marking your ballot, draw a line through the incorrectly marked choice as shown. You then have the option of marking another choice.

Statement *As your current Councilor, I work hard every day to address our county’s budgetary, policy, and legislative needs. In the military, I learned to not just lead, but to serve soldiers and their families. As councilor, I serve you.*

My mandate is to keep the quality of life high and cost of living low, to protect our rural character, and to defend our Constitutional rights. I work on constituent concerns: property rights, taxes, public safety, schools, traffic, parks, trails, housing availability, and homelessness.

I seek to ensure small, efficient and effective government, remedy comprehensive plan inequities, and efficiently spend tax dollars. My fellow councilors, county manager, and department heads, are working together for the right solutions and good governance.

Although my military career took us overseas and across our country, my family chose to live here where my wife Christine’s family lived for five generations. Other Professional Experience Medical Assistant Lead-Legacy Health System (7 years), Phlebotomy Supervisor-Portland Adventist Medical Center (2 years), Combat Medic Sergeant-U.S. Army (12 years)

Education I am currently a Junior at WSU-Vancouver with a major in Business Administration-Management Information Systems. I attended Drury University in Missouri, Central Texas College, Texas, and American Military University while trying to juggle active duty with frequent changes of duty station, deployments, and school at the same time.

Community Service I attend Church on the Rock in Battle Ground, where I volunteer monthly. I volunteer at Cedar Tree Christian School in Ridgefield.

Statement I am a lifelong resident of Battle Ground. I graduated from Battle Ground High School and shortly after graduating, joined the United States Army. I served for 12 years as a combat medic and participated in 2 tours in Iraq with the 40th Engineer Battalion, 1st AD, 2nd BCT. I worked in health care for an additional 9 years and am currently a student.

I am a single mother of a 10-year old son. I am deeply committed to maintaining the lifestyle long-time residents of Battle Ground are accustomed to and hope to grow our area cautiously and with a fiscally responsible approach. I am a strong supporter of the Constitution, both our state and country, and believe in the American dream.

Politics is a new arena for me, but I feel that a fresh perspective is just what this city needs. I am not one to shy away from a challenge. Status quo leadership in this city is transforming Battle Ground into a mini-Seattle. I echo the many residents' sentiments in saying enough is enough. It is time to reverse course and get back to what it means to live in a small town.

Statement Battle Ground is at a pivotal moment with its phenomenal growth.

As a member of the city council, I will work to build upon the values that make Battle Ground special. With the growth in population, we need to support our law enforcement and the work they do to keep us safe. I will be that support. We need to support our firefighters and a permanent solution to the protections they provide us and property. I will be that support.

With a bigger population comes a greater impact on our roads. I will support common sense improvements and a prioritization of projects that will have the largest benefit.

I lived in Battle Ground as a child and have returned to raise my own family. I am invested in our community and believe in Battle Ground and what it has to offer. I have four children who attend our schools and see the struggles that teachers, parents, and students. Statement It's been an honor and privilege serving our community the last eight years. As experienced before, we are in the midst of a growing spurt. We have new citizens coming to our community daily, along with those who have called Battle Ground home for many years. The dilemma is in meeting everyone's expectations, so I'm striving towards merging the old and new Battle Ground together.

We've reduced the cost of fire service, while adding a greater level of service. We've worked with the PUD and sewer district to bolster water and sewer services for the next ten years. We've installed LED street lights, saving both energy and tax dollars, at no cost to you. We're also working with the state to sort out our transportation issues.

Previously when I asked for your vote, I promised that I would do my best to keep your interests first and foremost in all my decisions. I've done that by attending every city council meeting for the last eight years, and voting as conservatively and wisely as possible.

Our future is bright, so I ask for your consideration and support to continue working on bettering our wonderful community. Thank you for your vote.

Other Professional Experience I am a local business owner

Education High School Graduate

Community Service In the past I have been involved with Civil Air Patrol, serving in a variety of

community events. Currently I volunteer with my church.

Statement "All political power is inherent in the people, and governments derive their just powers from the consent of the governed, and are established to protect and maintain individual rights." Article one of the Washington state Constitution makes it clear that the government is to serve the people, not to rule the people. Recently, I have been appalled by the disrespect of the council for not only the desires of the people, but also for the Constitution of the United States. I believe they have used their position to further their own agenda, regardless of their oath to uphold the Constitution, and it's time to restore our city to the place we all know and love.

I believe strongly in the right to bear arms, the freedom of speech, and the right to be left alone. I strongly oppose taxes, government control and anything else that infringes on life, liberty and the pursuit of happiness. I am a firm believer in Jesus Christ, and that it's by His grace alone that America is the great nation it is.

It's time to stand up for what we believe, and to take back the liberties that have been stripped from us.

Served as a U.S. Navy aviation electronics technician four years. Later employed as supervisor over NASA Ames electronics shop. Relocated to England for 10 years and worked in U.S. government

communications. In 2007 returned to White Salmon with Insitu Inc. (Boeing) as manager in data analysis for seven years. Recently worked as a lead in (data) information security and currently in real estate.

Education Associates - Professional Aeronautics, Embry - Riddle Worldwide; Associates - Business Management, University of Maryland - European Division

Community Service Clark County Veterans Advisory board - Providing emergency relief to qualified veterans; National Alliance on Mental Illness - Reception volunteer

Statement The culmination of my professional and personal experiences, and a “get er’ done” attitude will be a benefit to my fellow citizens. I am a Gulf War veteran, a professional who has worked at NASA and also lived and worked overseas for a number of years. I’ve effectively communicated with many personalities and peoples of different backgrounds to complete projects on time and under budget.

Adding depth to the Council with my experience in project management and analysis should especially assist with growth planning. I will champion quality growth which comes from careful planning so as not to lose the reason why people move to Camas in the first place, while balancing land use regulations.

As home, car owner and resident in the Gorge 12 years, I believe processes and manpower should be scrutinized before additional property taxes or new license fees are instituted. Let’s first make our current infrastructure meet the highest standards.

Citizens have voiced a need for a community center. It’s location should be thoughtfully placed perhaps to benefit both Camas and Washougal residents. This along with redevelopment of the papermill, could be crown jewels for Camas if done right. I sincerely thank you for your vote!

Community Service 100+ Women Who Care Clark County – Chair. Humane Society for SW Washington – Auction Committee. Clark County Volunteer Lawyers Program – Past Attorney Volunteer. Pro bono representation in family law.

Statement It has been my honor to serve on the City Council since January 2018. I am inspired by all the citizens I’ve met who reflect the pioneer spirit of those who built our great city more than a century ago. We owe it to ourselves to balance new, smart growth with preserving this unique culture and heritage.

As we grow, I want to make sure these values find their way into new projects like expanded recreational opportunities, economic development, and transportation infrastructure. I am grateful to have been involved in so many decisions that make Camas an amazing place to live, work and raise a family.

Elected Experience Appointed and sworn into office on February 2, 2015 to Position 1 of Ward 2. She was then elected to serve her first full-term on City Council in November 2015.

Other Professional Experience Bonnie is currently an administrative assistant at Skyridge Middle School.

Community Service Bonnie worked in retail before staying home to raise her family. It was during this time that she was able to volunteer at the schools, serve as PTA president, serve on the Camas Advisory Committee and as treasurer for the Camas Educational Foundation.

Statement It has been a truly humbling experience to serve Camas citizens since my appointment. The public process for city operations is more complicated than it first appeared and I am grateful for the opportunity to learn and apply that knowledge to decisions that balance growth and the hometown feel that Camas citizens value. Planning for tomorrow while honoring the past led to a new Urban Tree Policy and securing the treed backdrop north of Lacamas Lake for all to enjoy. Safety for our citizens was recently addressed in 2019 with the hiring of additional police officers, fire fighters, and work improving intersections and streets for drivers, bike riders, and pedestrians. Statement It has been my honor to serve the citizens of La Center as mayor, councilmember, and planning commissioner for the past 12 years. During my first term as your mayor, the city has completed the construction of the W 4th Street and NW Pacific Hwy. roundabout, installed a sewer conveyance line from the waste water treatment plant to the I-5 junction, purchased a 10,000 square foot office building in order to consolidate city departments and staff, secured state grants to engineer and plan the widening of 4th Street, replace the Brezee Creek culvert for safe fish passage, and to install drainage and irrigation systems at the Holly Park baseball fields. I have successfully established partnerships with our neighboring communities and the Cowlitz Indian Tribe for city services and infrastructure improvements. My commitment is to ensure future growth is coupled with appropriate city services and being fiscally responsible with city revenues. I pledge my continued commitment for an open and honest city government that represents the interests of all the citizens in our great community while providing strong leadership and professional oversight of all municipal operations. I really want to see those events brought back, and have more things for our children to do in town, so they have positive outlets. Managing new development will continue to be a high priority as the community grows. Leveraging the City's remaining reserve funds in attaining necessary federal, state and county grant dollars will aide the City in developing the necessary infrastructure required to meet the needs of a growing community. Statement As a resident for almost 20 years I've witnessed amazing growth in LaCenter. Housing is booming, with several developments breaking ground, but the opening of Ilani Casino at our junction, 2 years ago, brought about the closing of two of our cardrooms, a large revenue source for 25 years. This has hurt our City and I feel the solution is to re-define our city limits so as to bring new commercial and industrial businesses in. Our "small town" feel makes us a beautiful "bedroom community", with wonderful schools and the honor of being one of the safest cities in the state, but we need revenue to survive. Our Lewis River frontage allows kayaking and picnic opportunities but those areas are not being fully utilized. I think my experience with life, my continuing work with LaCenter's youth through the Miss Teen LaCenter Scholarship Program for more than 16 years and my work with the LaCenter Police Advisory Coaliton would make me a great City Council member once again....I'm asking for your vote in November

Community Service Vancouver Planning Commission, Chair; Southwest Clean Air Agency, Board Member; City of Vancouver Affordable Housing Task Force, Clark County Food Bank; Friends of Trees; Washington Trails Association.

Statement Serving on the Vancouver City Council is an honor. I am grateful for the opportunity to serve our community in this way. With strong business experience and leadership in volunteer service, I bring a proven track record of thoughtful, collaborative leadership that puts citizens first.

Vancouver is changing rapidly— continued population growth, increasingly diverse demographics, urbanization and revitalization, parking and traffic challenges, and new housing and employment across the whole city. These changes bring a need for visionary leaders who understand issues, seek diverse views, and act decisively to help shape our future.

Vancouver needs more *economic development and family-wage jobs*. I understand both private and public sector and what it takes to attract and retain jobs. We also need more *affordable housing* and more housing choices for our changing community. *Transportation* challenges must be met with more transportation infrastructure to support all modes, from drivers to bikers, walkers, and commuters using public transit.

Vancouver is where I was raised, educated, built a career and raised a family. Vancouver is my home. I care deeply about our city, our citizens, our future, and the legacy we are creating for our children and grandchildren. I ask for your vote.

Statement I pledge to fight state-line tolls as the unconstitutional act they are. I’ll work for passage and strict enforcement of tough anti-littering ordinances to clean up our streets and parks. We need to assist small business growth and create the business environment to attract family wage clean jobs. We need additional patrols, cameras or traffic lights around public areas and schools. We need more accessible, affordable public parking near events, parks and small businesses to insure their success. We must require new structures to provide sufficient spaces for all their building tenants.

Affordable housing: Agreements regarding real property are not enforceable unless in writing. Therefore, we need to require that funds only be allocated after written guarantees are secured.

Homelessness is still growing. We must form strong partnership with our county, Federal agencies, and community organizations. We must mobilize all resources to find a compassionate solution to insure a favorable outcome.

I will work to insure fair and equal treatment of all city employees. I believe we need a more transparent government. I ask for your vote so we can work together for the good of Vancouver. My thanks.

Statement As your City Councilman and Mayor Pro Tem, my vision for Vancouver has always been One Community, Safe and Prosperous. Whether you live on the East side or West side, Uptown or Downtown, or somewhere in between, I will continue to represent you. When we share common goals, our city's diversity is our strength. My vote has always been to improve public safety and core essential services. I am honored to have the endorsements on the International Fire Fighters Association #452 and the Vancouver Police Guild.

First elected during a time of double digit unemployment and a recession, I chose to trim back non essential services, while maintaining our police and public safety agencies. Most importantly, we continued to operate our City on a sound fiscal basis. Today, the economy is strong and there is renewed development throughout Vancouver as our City continues to grow and prosper.

By coordinating efforts among our public agencies, we can save taxpayer dollars and provide value added services. As an example, I developed the C-TRAN Apple Pass program that gives middle and high school students free access to our bus system and community centers.

I am asking for your vote and continued support.

I’m a Vancouver native; literally born on Main Street. I graduated from Hudson’s Bay High School, left for the military, and returned to raise my children here. As an Army Veteran, combat experience gave me the unique perspective about the ramifications of actions and being accountable to those that depend on you. Returning home, I finished college and worked my way up from welder to Vice President in our family construction business. Currently, I am serving the public as an urban planner.

My diverse business, military, and government service experience would be unique on council. No other council member has this background.

I strive to be a thoughtful leader; someone who solves complex problems, brings fresh ideas, and people together. I will work tirelessly for you, stay focused on the issues, listen, serve without ego, and be dedicated to outcomes and accountability.

Statement The job of a Vancouver City Council member is listening to the citizens and representing the voice of the people. And I am proud of my past service on Vancouver City Council and the Clark County Council, doing just that. Serving in both roles provides some insight about potential cooperation and partnerships between the jurisdictions.

Vancouver City Council for the last many years has successfully focused on Downtown Redevelopment and changed the face of Vancouver. Infrastructure, streets, sidewalks, street lights are scheduled. Parks are developing. Business development is strong.

Now it’s time for City Council to rebalance the focus and take steps toward protecting the stability of our existing affordable, viable neighborhoods. New street and sidewalk designs should be reasonably compatible with current uses of the neighborhoods. Adding crossings and ADA ramps and parks maintenance is needed. Street and road repairs need firm scheduling. Improvements in public safety are needed in all areas of the city. Funding law enforcement must be a high priority.

While recognizing these needs, we need to be mindful of the dangers of excessive incremental tax increases. Therefore, setting firm priorities for spending is crucial.

Valuing youth empowerment is essential to raising awareness of local issues. I am collaborating with students to increase voter registration and turnout. Dedicated to cultivating an economically diverse downtown that supports small businesses, I advocate for sustainable growth in tandem with future waterfront development.

My partner and I moved to Washougal in 2012 to open our own small business. I attended City Council meetings because I knew the decisions being made in that room would have a direct impact on the future we were creating for ourselves on Main Street. Not fluent in acronyms and Robert's Rules of Order, I learned how to engage with my elected leaders; how to speak their language without losing my own voice. I kept my eye on the agenda; I showed up, stepped to the dais, asked questions, and spoke out about what was important to me.

We all have something to contribute. Building community is about participation. I encourage you to join us. What is *your* passion?

Community Service President and CEO of USS Ranger Museum Foundation. President Orchard Hills CC, 2003-2004. President USNA Alumni, Oregon and SW Washington.

Statement Since 1990, when my wife Judy and I moved to Washougal our community has more than doubled in size. Judy and I have been married for 54 years and we have 3 adult children and 6 grandchildren. We moved here because of the small town feel and the friendly and welcoming community that is Washougal. That community still exists, but the growth in those years has been challenging and maintaining that small town feeling is also difficult. Keeping that small town feeling and growing the community will not be easy. The business community needs to grow to provide an adequate tax base to maintain our community as a great place to live. We have a great staff in the City and retaining competent qualified people as city employees is essential. Taxes are important to new businesses coming into a community and tax revenue is important in providing service to the community. Increased taxes are not the answer to sustained growth; commerce is! As we increase commerce, tax revenues are increased and growth of the community is fostered. It is my goal to continue to the small town feel that we have here in Washougal and still grow the community!

Statement We are blessed to live in this small town, and I would be honored to represent our community. Doing the most with what you are given, and managing time efficiently, are extremely important aspects within government leadership. The purpose is to serve the people, and I intend to do so effectively. Creating a community room inside the Town Hall will be one of my first priorities. I want to give our citizens a place to interact and enjoy year-round. We should all feel comfortable being inside our Town Hall, and having an inviting space is vital to creating that comfortable atmosphere. By doing this, our council chambers will be moved upstairs like originally intended when the building was purchased. I hope to better connect our town with our beautiful surroundings. I will strive to create a walking path that links Yacolt to the existing trail system around Moulton Falls. By extending the pathway to reach our town, we will provide more opportunities for economic growth while also relieving the parking congestion near the falls. Being involved within the community is something I truly enjoy, and I will consistently be available to you. I humbly ask for your vote.

Personal success after graduation requires inspiring them to contribute to the common good, teaching necessary skills for the workplace or college, and motivating them to pursue their interests as good citizens and lifelong learners. With a broad perspective I advocated for better school environments, social and emotional safety, and graduation requirements that make sense.

Our community agreed with this by approving Evergreen’s bonds and levies. Along with the work of volunteers, we stay “within our means” without long-term tax rate increases. In a time of budget cuts, I believe that strong fiscal management means doing this without disrupting a student’s experiences and opportunities.

With your vote I’ll continue working to support them. They are our future. Working together is the *best* way to make that needed difference.

Statement I had the honor of being elected to position #5 on the Green Mountain School Board in November of 2017. These two years serving on the board has been exciting as well as challenging. Statement The mission of the La Center School District is to create a supportive learning environment that empowers students to reach their fullest potential. Our Board strives to do this in partnership with families, community, staff and students. It is important to me that we develop confident and self-reliant life-long learners. It is also important to me to have a school where children are safe and feel emotionally supported. We should provide the resources needed to train up students who can thrive in a rapidly changing, more technologically advanced and diverse society. The challenge is to provide this training in the most cost effective manner possible. This is more difficult given the changing funding model for our schools.  14 years as a classroom teacher

Education BA in Science Education from Western Washington University, AA from Clark College

Community Service School Volunteer, Political Action, Church Youth Volunteer

Statement As the mother of two students at Ogden Elementary, I see the great work done in our schools daily. However, as a National Board Certified science teacher of 14 years, I know more must be done.

Our students are changing. Their needs are not the same as in the past, and we as a district, must change with them. In the last decade, we've moved from chalkboards to student computers, from textbooks to project-based learning, from spelling tests to state-mandated assessments. The expectations for both students and schools is higher than ever. As a teacher and parent, I have the knowledge and experience needed to help the district navigate and adapt to these changes.

Our district needs to be responsive to these changes. The policies and budget adopted by the school board should reflect the changing priorities and values of our community and the increasingly pressing needs of our students. In addition, we must respect the expertise of educators. It is our people that make our district great. As a school board director, I promise to honor the hard work of our educators, collaborate with the community, and develop a deep understanding of our students and families.

Community Service 15+ years classroom volunteer in my 3 children's VPS schools; Girl Scout leader; Soccer coach; Sunday school teacher

Statement As an experienced educator with a passion for providing each child with what they need, I have learned...

Every child deserves the chance to be successful. We know what must be done to ensure that opportunity. The path to success begins with developmentally appropriate practices throughout early childhood. It continues with engaging, integrated curriculum. Ultimately, the path to success offers older students programs to explore, discover, and create a future. Along this path we develop lifelong learners who contribute positively to our community. The research is clear!

Every teacher deserves the resources to guide their students forward. Successful schools view their teachers as the professional experts they are. Successful schools provide comprehensive assistance for children with high needs. Successful schools provide adequate supplies and equipment without relying on teachers funding their own classes. Successful schools are child-centered but teacher driven.

Every family deserves the opportunity to be involved fully in their children's education. Families deserve to know the range of resources available to them. Families deserve easy access to decision-makers: administrators, board members, department heads. Families deserve to be treated as the most important advocates for their children. They must be heard! Every child deserves a champion!

As the parent of two children in the district, I have volunteered in Washougal schools for the past nine years. I have also worked in the school district, which provides me a unique perspective. I am aware of and ready to address the difficult challenges we face, from budget problems due to the McCleary decision, to levies, special education funding, safety as a priority, class size, contract negotiations, and more. I am excited to work as part of a collaborative team engaged in navigating the district into a positive future.

I look forward to continuing to serve our community and will remain transparent, open-minded, and available to my constituents.

Statement My husband and I moved to Woodland 12 years ago and established roots in the community through our involvement with the school district, our business, and sports programs. We are raising three

children, all who attend WPS.

For the past nine years, I have been actively involved in Woodland Public Schools. I consistently work in classrooms, serve on numerous committees, and lead our local dyslexia parent support group.

I have a B.A. degree in Elementary Education and taught 1st and 2nd grade before deciding to stay home and raise our children. In lieu of going back into the classroom, I decided to use my time, talents and resources to be involved and work together with the school district to make a positive impact on student learning and growth.

I desire to serve on the school board to be actively involved in assuring we continue to improve student achievement. I will seek to listen, invest time in due diligence, learn from others, and make fiscally responsible decisions based on the needs of *all* students. I will be engaged and make it a priority to talk with teachers, parents, and community members regarding questions and concerns they have.

Elected Experience 6 years Fire Commissioner

Other Professional Experience

Education Associate Fire Science Degree-PCC; Bachelor of Business-University of Washington; Executive Fire Officer-National Fire Academy

Community Service 4 years-Ridgefield 4th of July Committee; 2 years-LaCenter Our Days Committee; 19 years-Community fund raising drives; 3 years-Ridgefield Grad night celebrations; 24 years-Ridgefield Santa fire station visit; 3 years-Battle Ground Christmas food drive; 3 years-Ridgefield food drive; 7 years-Ridgefield or LaCenter cleanup day

Statement In six years your Board of Commissioners have brought many ideas to improve service to you including improved leadership at all levels, reopening our station in Charter Oaks, a 20 year protection contract with the City of Woodland, a merger of CCFD #2, a code enforcement program, a new fire station in Woodland, an equitable protection contract with the Cowlitz, a future station site by the new Sports Complex, through the Cowlitz Tribe a \$650,000 grant for new fire engine, and more.

An important decision we now face is the merger of the City of Woodland into Clark Fire and Rescue. Becoming part of the District instead of contracting with the District, gives the citizens of Woodland direct representation. It allows the District to include the city in long term plans for service. Both current District citizens and the citizens of Woodland gain efficiencies and depth of response.

In the next six years I support building a new fire station by the Sports Complex, adding Professional Firefighters and Firefighter/Paramedics, staffing the existing station at the fairgrounds with Professional Firefighters, merging with the City of Woodland, replacing aging fire apparatus, and working closely with our partners to better serve you.

Statement Over the next six years I will advocate staffing your jointly shared station at the fairgrounds with professional firefighters along with constructing and staffing your next station by the sports complex in Ridgefield. For the safety of our citizens and firefighters as soon as the budget allows, I support increasing the number of Professional Firefighter responding to your emergencies. To bring medical life-savings skills to your doorstep we need to increase both the skill level of our current Firefighter/Paramedics and recruit more Firefighter/Paramedics.

We must continue working in partnerships with our neighboring fire departments, AMR, the Cowlitz Tribe, all police departments within our response areas, our county wide Technical Rescue Team, the school districts, the Columbia River Marine program, and all others involved in providing you a high level of fire and EMS response.

For long-term planning, more efficient resource utilization and the future growth of our service area, I strongly support the merger of the City of Woodland into our Fire District. A merger would cement the greater depth, resources, and staffing we presently share from our service contract with Woodland.

Commissioner, Position No. 1

Joshua Seeds

Elected Experience East County Fire and Rescue Commissioner (appointed in 2018)

Other Professional Experience Ecologist at Oregon Department of Environmental Quality. I work to protect drinking water sources and other waterbodies from pollution,

using science, law, and collaborative efforts with drinking water systems, landowners, community groups, and government agencies. Previously a biomedical researcher.

Education Capital High School, Boise, ID. BS Biochemistry, Washington State University. MS Environmental Science, Washington State University-Vancouver.

Community Service I serve on the Clark County Clean Water Commission, fundraise for the Oregon Food Bank, donate farm produce to homeless service organizations, and do public education about human and environmental health.

Statement Since August 2018, I have served on the East County Fire and Rescue Commission by appointment. I ask for your vote to confirm me for the rest of the current term. I'm a rural resident and understand the challenges faced by landowners who need fire-safe and ecologically healthy homes and properties. My first priority is to ensure that the District continues to provide quality EMS and fire service to residents and maintains a firm financial footing. I want the District to attract more volunteers and do more public education about defensible space and fire-safe behavior.

Public service and service to others is a core value of mine. It's one of the major reasons I work for the State of Oregon; my job is to serve the interests of the public and protect natural resources for current and future generations. My interest in serving on this commission stems from a desire to make and keep my community a good place to live and work. My knowledge of natural resources and government regulatory structures, along with my desire to find mutually-beneficial solutions to public policy problems, is a valuable skill set for ECFR. Thank you for your consideration.

Elected Experience I have served as your fire commissioner since March of 2015 including as Chair and Vice-Chair. I previously served as a fire commissioner in Idyllwild, California.

Other Professional Experience I've worked in technology my entire career. Most recently, as a Senior

Development Engineer for the University of CA, before starting a company based on instrumentation my team developed for ecosystem study.

Education I attended UCLA and Control Data Institute.

Community Service As a 25-year volunteer Ranger for the USFS, I earned the President's Call to Service Award and am Chair Emeritus of the Forest Service Volunteer Association.

Statement When I told an old friend and Fire Chief I was going to be a fire commissioner again, he shook his head and said, "didn't you learn anything the last time?!" It was his way of saying, "you know what you're getting into and you're still doing it anyway?" The thing is, public service isn't about oneself. It is about using your knowledge and skills to make the community in which you live better and safer in the most cost-effective way.

As with any job, there is much to learn when one starts a new position. For a fire commissioner, this includes not only the office itself but the laws related to it (there are many!) as well as understanding the fire service from the administrative, logistical, and practical sides. Having spent 25-years volunteering for the US Forest Service provided me with firsthand understanding of each these giving me a running start. Over the past four years, I have continued to learn more and therefore perform my responsibilities better. I, therefore, ask for your vote so that I may continue to utilize what I have learned to spend your tax dollars in the wisest way possible.

Statement Accountability, transparency and financial responsibility are important at our Port of Vancouver. It is a fantastic asset, providing economic opportunity for our community. The businesses we bring to operate at the Port provide family wage jobs and those jobs echo throughout the community. The Port connects us with the world and must always maintain our healthy community and environment. For example, No Oil Terminals in our future.

I ask for your vote as I believe I will bring a diversity of thought to the Board. My many years of experience in accounting, business consulting and business development can bring value to our Port.

I believe that the Port has in their budget the ability to give back to the citizens/owners by reducing the Port's dependence on our property tax dollars. I would push the Port to reduce the amount of taxes levied by the port district by 15% in 2020 (\$1.5 Million). I want the Port to be a taxing agency that actually reduces your taxes as it becomes self-reliant. The taxpayers deserve a voice, the taxpayers deserve a break.

I ask for your vote to make the Port more efficient, more profitable and safe.

City of Camas

Proposition No. 2**Recreation Improvement Bonds**

The City Council of the City of Camas adopted Ordinance 19-007 concerning a proposition for financing the construction of recreation improvements. If approved, this proposition would authorize the City to issue bonds for recreation improvements including to construct a new community center with recreation pool, competitive pool, and sport fields. It would authorize the issuance of not more than \$78,000,000 of general obligation bonds maturing within 21 years, and authorize the annual levy of excess property taxes to pay such bonds, as provided in Ordinance 19-007.

Should this proposition be approved?

Yes No

STATEMENT FOR

Imagine for a moment, living in a community that is alive and thriving. One that is inclusive of others, socially fulfilling, environmentally friendly and financially sound. One that not only inspires its residents, but motivates others to invest in it as well. That is the Camas we all aspire to create, and is why we support the current proposal by the city for a new community aquatics center and sports parks upgrades.

These community enhancements support the city's 2035 comprehensive plan and overall vision. These enhancements will serve all genders, age groups and the entire economic spectrum. It will create opportunities for social interactions, promote exercise and wellness, increase participation and bring tourism and revenue to our community.

Aquatics Center Benefits: Provides a place for inclusive gatherings (community, sports and business); Job creation; Economic stimulus (tourism through events); Exercise and rehab opportunities for all ages and abilities. *Sports Fields Benefits:* Resolves infrastructure challenges (increased participation); Economic stimulus (tourism through events); Bring parks in line with ADA guidelines; Bring our youth back outside.

We believe this investment in our community will more than pay for itself through social, environmental, economic and health benefits. With existing bond levies dropping off, the tax burden will actually be less in 2021 going forward, even with this addition. We all chose Camas for a reason. This is our opportunity to ensure it remains an ideal place to stay, live and grow. This is an opportunity to invest in our children, our community and our future.

REBUTTAL OF STATEMENT AGAINST

Although the enhancements will require \$1.04 per \$1000 in assessed property value in 2021, existing bond levies (\$1.44 per \$1000 for the school district and library combined) expire in 2021, resulting in a net tax reduction. Traffic along Lake Road can be challenging, however the proposed implementation of roundabouts and traffic lights will lead to improved traffic flow and safety. We will never go wrong by investing in our community and our future.

City of Camas

EXPLANATORY STATEMENT

If approved by voters, passage of Proposition No. 2 would authorize the City of Camas to levy excess property taxes to pay general obligation bonds not to exceed \$78,000,000, maturing within 21 years of date of issue, for the purpose of financing recreation improvements, including a community center with recreation pool, competitive pool, and sport fields. The levy rate is estimated to be \$1.04 per \$1,000 of assessed valuation. Exemptions may apply for homeowners who are 61 years or older, the disabled, and those who meet income requirements set by state law. For more information, contact the Clark County Assessor.

STATEMENT AGAINST

In 2017, estimated costs to replace the Crown Park outdoor city pool were \$2,220,000, yet the city closed that pool in 2018. In 2019, costs of a "replacement" have ballooned to \$72,000,000 for a 78,000 square foot facility with fitness center, multiple pools, and meeting rooms. Add \$6,000,000 for sports field improvements for an exorbitant \$78,000,000 bond. These construction costs will add approximately \$500 to annual property taxes for a \$480,000 Camas home.

Camas families and businesses will have to pay annual bond taxes if they never use the facility, *plus additional fees to actually use the facility*. Operation costs for the elaborate center are not included in the bond, nor fully disclosed at the city website. User fees will cover some costs, but a *new parks taxing district and additional taxes* are being considered to pay for operations.

Schools, Fire, EMS, and the Port also ask for tax hikes. Essential city services like roads and water are priority, not facilities already available in our community. Local schools rent gyms, rooms, and fields to community groups, and school playgrounds double as neighborhood parks. Nearby athletic clubs offer pools and workout facilities for reasonable fees, and it is unfair for the City to compete with or push out longtime businesses.

The proposed lakeside location is a notorious traffic bottleneck and safety concern. Alternate locations in less congested areas have been identified, yet ignored. This massive bond places the wants of the few above the actual needs of the many.

REBUTTAL OF STATEMENT FOR

Suggesting that Camas is not already alive and thriving is silly. To propose that our only path to inclusivity, social fulfillment, environmental and fiscal responsibility is a 21 year, \$78 million swimming pool bond is dishonest. Tourism, jobs, and investment are already flowing into Camas exactly the way it is. Borrowing this much money to fund such a narrow scope of services isn't an effective use of our limited tax dollars, and is entirely irresponsible.

Proposition No. 1**Proposed Charter Amendment No. 1****Concerns changes to the Commission on Mayor/Council salaries**

This amendment to section 2.18 would increase the number of Commission members from five to seven and remove outdated language. Salary increases for Mayor, Mayor Pro Tempore and Councilmembers would be capped at the annual rate of the Consumer Price Index for the West Region (CPI-W). Salary increases higher than CPI-W would require a public vote.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

The Salary Review Commission (SRC) was established November 8, 1994 and has performed as intended since that time. The SRC sets salary levels for city council members including, the Mayor and Mayor Pro-Temporary.

In 2016 the SRC initially set significant increases in salary levels for the following year. After a successful petition drive, the increases were subsequently reduced to levels more consistent with normal cost of living adjustments. These events identified the need for change to the process.

The Charter Review Committee proposes two changes to improve how the SRC functions. The first change is to increase the size of the SRC from 5 to 7 members. The result will provide for a more broad and inclusive representation of citizens in the process. The second change is to limit the ability of the SRC to make major changes to the level of compensation. Future increases will be limited to the Consumer Price Index for Wage Earners and Clerical Works (CPI-W) for the West region as established by the Bureau of Labor Statistics for the prior two years. Increases above this level would require a vote of the citizens of Vancouver.

These modifications to the City Charter will strengthen the process, hold the SRC accountable and provide for direct referral to the citizens of Vancouver when needed.

Proposed Charter Amendment No. 2

Concerns clarification of Councilmember qualifications

This amendment to Section 2.02 clarifies that Councilmembers who are either elected or appointed to a vacant Council seat must have two-year continuous city residency and also clarifies that restriction on simultaneously holding another public office means an “elected” public office.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Amendment number 2 adds specific wording to the charter to clarify its intent in two key areas:

The first proposed change clarifies that applicants for a vacant City Council seat meet the same residency requirements as candidates who stand for election. Without this amendment, it would be possible for a short-term resident to be appointed to the council but be unable qualify as a candidate in the next election because of the two-year residency requirement. A potential appointee to an open council seat should face the same residency requirement as a candidate filing for an elected position.

The second proposed change is needed to eliminate uncertainty regarding the term “public office” by simply adding the word “elected.” It will promote good government by clarifying the prohibition against holding multiple elective public offices simultaneously.

This amendment received the unanimous support of the Charter Review Commission and approval by City Council for consideration by voters. It deserves your “Yes” vote.

This amendment to Section 2.08 of the City of Vancouver's charter would require that the City Council adopt specific rules and procedures for filling Council vacancies including provisions for public notice of such vacancies and that interviews of applicants for the position be done in public.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Residents deserve the opportunity to observe the process by which appointments are made to vacant City Council seats.

Currently, council members are under no legal obligation to keep the appointment process open to the public. Fortunately, the council has adopted ad hoc procedures for filling the two latest previous vacancies that provide public access, however there is no guarantee future councils will do the same.

Voting "Yes" on proposed Charter Amendment No. 3 will ensure that council members will be required to establish and follow procedures that include public notice for meetings where vacancies are considered, and that candidate interviews will be open to the public.

Public notice and open meetings are basic tenets of good government. The proposed amendment will ensure both public notice and open meetings take place in the event of future council vacancies. This proposed amendment was recommended unanimously by the Charter Review Commission and was approved by the council for consideration by voters. This charter amendment deserves your support.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Although the current city practice is in line with Washington State Law, the Charter is not consistent with either.

The amendment provides for an appointed officer to audit all claims before payment. The city council would then be able to approve the paid claims at the next regularly scheduled public meeting within one month of payment.

Proposition No. 5**Proposed Charter Amendment No. 5****Concerns clarifying city contracting authority**

The wording in the charter is unclear as to whether the City may enter into contracts for longer than five years. While longer contracts are not common, contractors may require a longer term if a significant financial investment is involved. This amendment to Section 11.05 would clarify that the City may enter into contracts for longer than five years if approved by the City Council through ordinance.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Proposition 5 removes the limitation in Section 11.05 that makes it only apply to appropriations (budgets) of more than one year. This amendment simplifies the language of Section 11.05 and makes certain that it applies to any budgetary period adopted by the Council.

Vancouver is only one of two cities in the state that sets a limit on contracts that go beyond the regular budget period. Five years was the time set when the charter was created in 1952. There is no state level requirement. The effect is to require contracts to be put out for bid periodically.

Section 11.05 allows the City to have contracts for a longer period when it is to the City's advantage. It may be necessary to entice vendors that must make a substantial capital investment such as garbage collection. It may also be necessary to obtain favorable cost benefits or to avoid expected future higher costs such as in technological support.

Requiring longer term contracts to be authorized by ordinance means it will be a public process. The Council must address them individually and not just be buried in the larger budget. It also means there will be a public hearing where there can be public input. It means the process is transparent. Unless approved by ordinance, a more than 5 year contract cannot be valid.

Should this amendment to the Charter be enacted?

STATEMENT FOR

Amending an ordinance with many subsections can be expensive when it is published in its entirety. Sometimes the purpose of the amendment can become obscure, due to all the excess included information.

If a subsection is sufficiently clear, this amendment will help the voter to quickly grasp the purpose of the proposed change.

Proposition No. 7**Proposed Charter Amendment No. 7****Concerns miscellaneous changes to remove inconsistencies and inapplicable language**

Amendment to Section 10.07 of the charter would confirm that the time frame for Council action on an ordinance proposed through initiative petition is thirty days, making it consistent with the same action in Section 10.08. In Section 7.03 and 11.03, the term “police judge” which is no longer in use would be removed. An amendment to Section 11.04 replaces the phrase “either of them” with “the city council”. The current language is confusing.

Should these amendments to the Charter be enacted?

Yes No

STATEMENT FOR

Proposition 7 has been referred to as a “housekeeping” amendment to the City Charter. The objective is to correct or clarify language within the Charter to make it consistent or easier to understand.

Article X includes the rules for Initiative and Referendum petitions and what the City Council is required to do. There is an inconsistency between Sections 10.07 and 10.08. One says the Council is to act on a petition within 60 days and the other 30 days. This amendment will correct the inconsistency by changing the 60 days to 30 days.

There are references in Article VII and XI to “police judges”. A police judge is also known as a Justice of the Peace. This is a position that no longer exists for the City of Vancouver. It is a lower court officer whose responsibilities are now performed by District Court. This amendment deletes an obsolete reference.

Article XI, Section 11.04 refers to the power of the City Council to conduct investigations into city agencies or municipal affairs. This amendment clarifies that only the Council can authorize any person or committee to conduct an investigation. There is no change to the authority granted by this section.

City of Woodland

Proposition No. 1

Levy Lid Lift for Law Enforcement Personnel and Equipment

The Woodland City Council adopted Resolution No. 711 to fund law enforcement. If approved, this proposition will fund the hire of three officers and general police equipment. This proposition authorizes a permanent 2020 regular property tax rate increase of \$0.6270/ \$1,000, for a total levy rate of \$2.4700/ \$1,000 assessed value. The 2020 levy amount shall be used to calculate future levy limits.

Should this proposition be approved?

Yes No

STATEMENT FOR

Dear friends and neighbors of Woodland. We have an opportunity to let our support and voices be heard. Let's show our neighboring towns why Woodland is the place to live.

Our police department is inadequately staffed. We need your help. As our community continues to grow and new businesses are developed we need additional officers in order to maintain public safety. Without the proper staffing we are putting our current officers in harm's way and putting a real burden on their families as the officers are forced to work overtime. Let's show our police officers we support and value them and their families. I fear that if we don't do something quickly we could have a tragedy on our hands as officers lack the resources to provide safety for the public and themselves.

No one like additional taxes. We are all stretched so thin these days. However what value can we put on the welfare of those who put their lives on the line for us and our families every day. Let's all take this opportunity to vote yes on this levy lid lift and show everyone why we chose to live here and make Woodland our home. Now let's do the right thing and support our officers with some additional support.

REBUTTAL OF STATEMENT AGAINST

The statement against is very misleading. First off, no one's property taxes in Woodland have gone up 73%. The fact is Woodland's property tax rates have gone down in the last 5 years. Woodland has 2x the crime rate as our surrounding communities and half the officers per 1000 residence. We're growing and we need to hire additional officers. Crime will get worse if we don't have the officers required to properly police our community.

City of Woodland

EXPLANATORY STATEMENT

Pursuant to RCW 84.55.050, the Woodland City Council adopted Resolution No. 711 to authorize an increase in the City's regular property levy in an amount exceeding the 1% levy lid. The lid lift is classified as a one-year permanent increase. The exclusive use of the lid lift is to fund salaries, benefits, and equipment over multiple years for two additional police officer positions and a police sergeant position and other general police equipment.

If approved, the 2020 regular property tax levy rate would increase by \$0.6270 per \$1,000 of assessed value over the 2019 levy rate. The city's total regular property tax levy rate in 2020 would be \$2.4700 per \$1,000 of assessed value.

STATEMENT AGAINST

What we are trying to accomplish as a city? Our spending has more than doubled in 4 years. Another \$600,000 would make our operating budget per person larger than surrounding communities. Surrounding communities average between 1.25 and 2.00 officers per 1,000. Adding 3 officers & 3 new cars would give us 2.1 officers per 1,000 and 13 police cars.

We've voted budget and tax increases in a vacuum. Instead of looking at all the things coming down the pike, we've done one at a time: let's build a fire station, a police department, a new high school, higher sewer costs. We don't have a planning document that identifies and ranks all projects by cost and level of importance. If we knew everything we needed to fund, would we have approved increases differently so we had room for other taxes?

One of the big projects coming down the pike is the transportation plan. We can get federal funds to upgrade exit 21 & 22, but we must match funds. The match will be a 20 year bond paid by increasing our property taxes. A ballpark estimate is our portion is \$4 million an exit. The middle school says it needs to expand.

My property taxes have taken a 73% increase since 2015. This lift would add another \$200 per \$275,000 home, is permanent and grows over time. Before we vote additional spending, we need to understand all capital and growth projects and prioritize by importance.

REBUTTAL OF STATEMENT FOR

The population has grown 7% since 2015. In the same time, officers have gone from 7 to 10 or an increase of 43%. The police chief stated the additional \$600K will only reduce 30% of the overtime budget or about \$40K. We had less overtime when we had 7 police officers. Woodland crime is misdemeanors or minor wrong doings like shoplifting. Before voting for more spending, let's see all capital and growth projects.

Ordinance No. 19-007

AN ORDINANCE of the City of Camas, Washington, providing for the submission to the voters of the City at a general election to be held on November 5, 2019, of a proposition authorizing the City to issue its general obligation bonds for the purpose of financing recreation improvements including the construction of a new community center with a recreation pool, competitive pool and sport field improvements, in the principal amount of no more than \$78,000,000 payable by annual property tax levies to be made in excess of regular property tax levies, and to levy those excess property taxes

WHEREAS, the City Council of the City of Camas, Washington (the "City"), has determined that it is in the best interest of the City to undertake the construction of a new community center with a recreation pool to be located in Camas, Washington and the addition and/or improvements to sport fields (the "Project"); and

WHEREAS, the City Council wishes to seek voter approval for the issuance and sale of not to exceed \$78,000,000 of general obligation bonds of the City to pay the costs of the Project and the costs of issuance of such bonds, to be repaid by an annual excess property tax levy; and

WHEREAS, the constitution and laws of the State of Washington provide that the question of whether or not the City may issue such bonds be submitted to the qualified electors of the City for their ratification or rejection at an election;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CAMAS, WASHINGTON, DOES ORDAIN AS FOLLOWS:

SECTION 1. Project. The City Council finds that in order to provide community amenities it is in the best interest of the City to undertake the construction of a community center with a recreation pool, competitive pool, and the addition and/or improvements to sport fields.

The Project shall include all necessary equipment, supplies, and appurtenances. The cost of all necessary architectural, engineering, legal and other consulting services, inspection and testing, administrative expenses, site acquisition or improvement, demolition, on and off-site utilities, transportation improvements, related improvements and other costs incurred in connection with the Project shall be deemed a part of the costs of such capital improvements.

The estimated cost of the Project, including the costs of issuing and selling the bonds authorized by this ordinance, is declared to be approximately \$78,000,000.

The City Council may modify the details of the foregoing Project where necessary or advisable in the judgment of the City Council.

SECTION 2. Description of Proposed Bonds. The Bonds may be issued as a single issue, as a part of a combined issue with other authorized bonds, or in more than one series, as deemed advisable by the City Council and as permitted by law. The Bonds shall be fully registered bonds; shall bear interest payable as permitted by law; shall mature within 21 years from the date of issue, or within any shorter period fixed by the City Council; shall be paid by annual property tax levies sufficient in amount to pay both principal and interest when due, which annual property tax levies shall be made in excess of regular property tax levies without limitation as to rate or amount but only in amounts sufficient to meet such payments of principal and interest as they come due; and shall be issued and sold in such manner, at such times and in such amounts as shall be required for the purpose for which such Bonds are to be issued. The exact date, number of series, form, terms, option of prior redemption, price, interest rate or rates and maturities of the Bonds shall be hereafter fixed by ordinance of the City Council. Pending the issuance of the Bonds, the City may issue short-term obligations pursuant to chapter 39.50 RCW or such other obligations as are permitted by law to pay for the costs of the Project. Such obligations and their costs may be paid or refunded with proceeds of the Bonds when issued.

SECTION 3. Proceeds of the Bonds. If available money from the proceeds of the Bonds is more than sufficient to pay the costs of the Project, or if state or local circumstances require any alteration in the Project, the City may acquire, construct, equip and make other park and recreation related capital improvements to the City's facilities, or retire and/or defease a portion of the Bonds, all as the City Council may determine and as permitted by law. If the proceeds of the sale of the Bonds and other available money are insufficient to make all of the capital improvements herein provided for, or if it has become impractical to accomplish the Project or portions of the Project, the City may use the proceeds of the Bonds and other available money for paying the costs of those portions of the Project deemed by the City Council to be most necessary and in the best interest of the City.

SECTION 4. Calling of Election. The proceeds of the Bonds shall be used for capital purposes only and not for the replacement of equipment.

SECTION 5. Ballot Proposition. The City Clerk is authorized and directed to certify, no later than August 6, 2019 (by 5 p.m.) to the Auditor, as *ex officio* supervisor of elections in the City, a copy of this ordinance and the proposition to be submitted at that election in the form of a ballot title prepared by the City Attorney pursuant to RCW 29A.36.071, as follows:

**PROPOSITION NO. 2
CITY OF CAMAS
RECREATION IMPROVEMENT BONDS**

The City Council of the City of Camas adopted Ordinance 19-007 concerning a proposition for financing the construction of recreation improvements. If approved, this proposition would authorize the City to issue bonds for recreation improvements including to construct a new community center with recreation pool, competitive pool, and sport fields. It would authorize the issuance of not more than \$78,000,000 of general obligation bonds maturing within 21 years, and authorize the annual levy of excess property taxes to pay such bonds, as provided in Ordinance 19-007. Should this proposition be approved?

Yes No

For purposes of receiving notice of any matters related to the ballot title, as provided in RCW 29A.36.080, the City Council hereby designates its bond counsel, Foster Pepper PLLC (Nancy Neraas, 206-447-6277, Nancy.neraas@foster.com), as the person to whom such notice shall be provided.

SECTION 6. Authorization of Local Voters' Pamphlet.

The City authorizes preparation and distribution of a local voters' pamphlet, including an explanatory statement and statements in favor of and in opposition to the ballot measure, if any. The preparation of explanatory statement, the appointment of pro/con committees and the preparation of statements in favor or and in opposition to the ballot title shall be in accordance with chapter 29A.32 RCW and the rules and guidelines of the Auditor, and the City authorizes the Finance Director to take such actions as may be necessary on behalf of the City to carry out the foregoing.

SECTION 7. General Authorization. The proper City officials are authorized to perform such duties as are necessary or required by law to the end that the question of whether

or not Bonds shall be issued and excess taxes necessary to pay and retire the Bonds be levied, all as provided in this ordinance, shall be submitted to the voters of the City at the November 5, 2019 general election.

SECTION 8. Intent to Reimburse. The City Council declares that to the extent that the City makes capital expenditures for the Project, prior to the date the Bonds or other short-term obligations are issued to finance the Project, those capital expenditures are intended to be reimbursed out of proceeds of the Bonds or other short-term obligations issued in an amount not to exceed the principal amount of the Bonds provided by this ordinance.

SECTION 9. Severability. If any provision of this ordinance is declared by any court of competent jurisdiction to be invalid, then such provision shall be null and void and shall be severable from the remaining provisions of this ordinance, and shall in no way affect the validity of the other provisions of this ordinance or of any other ordinance or resolution or of the Bonds.

SECTION 10. Publication and Effective Date. This ordinance or a summary thereof consisting of the title shall be published in the official newspaper of the City, and shall take effect and be in full force five days after publication.

City of Woodland

Resolution No. 711

A RESOLUTION OF THE CITY OF WOODLAND, WASHINGTON, RELATING TO REGULAR PROPERTY TAXES; SUBMITTING TO THE QUALIFIED ELECTORS OF THE CITY AT THE STATE GENERAL ELECTION ON NOVEMBER 5, 2019, OF A PROPOSITION AUTHORIZING THE CITY TO LEVY REGULAR PROPERTY TAXES IN EXCESS OF THE LIMITATIONS OF RCW 84.55; SETTING FORTH THE TEXT OF THE BALLOT PROPOSITION; DIRECTING THE APPROPRIATE CITY OFFICIALS TO TAKE THOSE ACTIONS NECESSARY TO FACILITATE THIS RESOLUTION; AND PROVIDING FOR OTHER RELATED MATTERS

RECITALS

The City Council (the "Council") of the City of Woodland, Washington (the "City"), makes the following findings:

WHEREAS, Chapter 84.55 of the Revised Code of Washington limits the incremental increase on the amount of regular property taxes to 1% of the highest prior levy amount. This limitation is known as the "levy lid."

WHEREAS, RCW 84.55.050(2) allows a City to increase the regular property tax levy in amounts exceeding the levy lid. The 1% lid on the levy can be lifted if a City submits the proposition to the voters and the increase is approved by a majority of voters. The proposition shall be at a special election held within the city on the same date as the State general election.

WHEREAS, because the levy lid prevents the City of Woodland from raising sufficient revenue to fund additional police coverage, the City Council finds that it is essential and necessary for the public health, safety and welfare that the City raise additional funds to support law enforcement, specifically, to fund the salaries, benefits and equipment for the hiring of two additional police officers and a police sergeant position and other general police equipment over multiple years.

AND, WHEREAS, the Council has determined that the current revenues available to the City are insufficient to provide for this purpose, and has therefore determined that it is in the interests of the City and its residents to submit a levy lid lift proposition to the voters for their approval or rejection and that, if approved, the final levy will be used to calculate the limits of future levies.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WOODLAND, WASHINGTON, RESOLVES AS FOLLOWS:

SECTION 1. Purpose and Calling of Election.

The City Council finds that it is in the best interest of the City to submit to the qualified voters of the City, at a special election to be held in conjunction with the State general election on November 5, 2019, a proposition authorizing the

City of Woodland

Resolution No. 711

Referendum Measure No. 88

AN ACT Relating to diversity, equity, and inclusion; amending RCW 49.60.400 and 43.43.015; adding a new section to chapter 43.06 RCW; and creating new sections.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

**PART I
TITLE AND INTENT**

NEW SECTION. **Sec. 1.** This act may be known and cited as the Washington state diversity, equity, and inclusion act.

NEW SECTION. **Sec. 2.** The intent of the people in enacting this act is to guarantee every resident of Washington state equal opportunity and access to public education, public employment, and public contracting without discrimination based on their race, sex, color, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status. This is accomplished by: Restoring affirmative action into state law without the use of quotas or preferential treatment; defining the meaning of preferential treatment and its exceptions; and establishing a governor’s commission on diversity, equity, and inclusion.

**PART II
PROHIBITION OF DISCRIMINATION AND
PREFERENTIAL TREATMENT**

Sec. 3. RCW 49.60.400 and 2013 c 242 s 7 are each amended to read as follows:

(1) The state shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, ~~((or))~~ national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status in the operation of public employment, public education, or public contracting.

(2) This section applies only to action taken after December 3, 1998.

(3) This section does not affect any law or governmental action that does not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, ~~((or))~~ national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability, or honorably discharged veteran or military status.

(4) This section does not affect any otherwise lawful classification that:

(a) Is based on sex and is necessary for sexual privacy or medical or psychological treatment; or

(b) Is necessary for undercover law enforcement or for film, video, audio, or theatrical casting; or

(c) Provides for separate athletic teams for each sex.

(5) This section does not invalidate any court order or consent decree that is in force as of December 3, 1998.

(6) This section does not prohibit action that must be taken to establish or maintain eligibility for any federal program, if the director of the office of financial management, in consultation with the attorney general and the governor’s commission on diversity, equity, and inclusion, determines that ineligibility ~~((would))~~ will result in a material loss of federal funds to the state.

(7) Nothing in this section prohibits schools established under chapter 28A.715 RCW from:

(a) Implementing a policy of Indian preference in employment; or

(b) Prioritizing the admission of tribal members where capacity of the school’s programs or facilities is not as large as demand.

(8) Nothing in this section prohibits the state from remedying discrimination against, or underrepresentation of, disadvantaged groups as documented in a valid disparity study or proven in a court of law.

(9) Nothing in this section prohibits the state from implementing affirmative action laws, regulations, policies, or procedures such as participation goals or outreach efforts that do not utilize quotas and that do not constitute preferential treatment as defined in this section.

(10) Nothing in this section prohibits the state from implementing affirmative action laws, regulations, policies, or procedures which are not in violation of a state or federal statute, final regulation, or court order.

11 For the purposes of this section((:)):

(a) “State” includes, but is not necessarily limited to, the state itself, any city, county, public college or university, community college, school district, special district, or other political subdivision or governmental instrumentality of or within the state;

(b) “State agency” means the same as defined in RCW 42.56.010;

(c) “Affirmative action” means a policy in which an individual’s race, sex, ethnicity, national origin, age, the presence of any sensory, mental, or physical disability, and honorably discharged veteran or military status are factors considered in the selection of qualified women, honorably discharged military veterans, persons in protected age categories, persons with disabilities, and minorities for opportunities in public education, public employment, and public contracting. Affirmative action includes, but shall not be limited to, recruitment, hiring, training, promotion, outreach, setting and achieving goals and timetables, and other measures designed to increase Washington’s diversity in public education, public employment, and public contracting; and

(d) “Preferential treatment” means the act of using race, sex, color, ethnicity, national origin, age, sexual orientation, the presence of any sensory, mental, or physical disability,

and honorably discharged veteran or military status as the sole qualifying factor to select a lesser qualified candidate over a more qualified candidate for a public education, public employment, or public contracting opportunity.

~~((9))~~ (12) The remedies available for violations of this section shall be the same, regardless of the injured party's race, sex, color, ethnicity, or national origin, as are otherwise available for violations of Washington antidiscrimination law.

~~((10))~~ (13) This section shall be self-executing. If any part or parts of this section are found to be in conflict with federal law, the United States Constitution, or the Washington state Constitution, the section shall be implemented to the maximum extent that federal law, the United States Constitution, and the Washington state Constitution permit. Any provision held invalid shall be severable from the remaining portions of this section.

Sec. 4. RCW 43.43.015 and 1985 c 365 s 4 are each amended to read as follows:

For the purposes of this chapter, "affirmative action" means, in addition to and consistent with the definition in section 3 of this act, a policy or procedure by which racial minorities, women, persons in the protected age category, persons with disabilities, Vietnam-era veterans, honorably discharged military veterans, and ~~((disabled))~~ veterans with disabilities are provided with increased employment opportunities. It shall not mean any ~~((sort))~~ form of quota system.

Initiative Measure No. 976

BRING BACK OUR \$30 CAR TABS

AN ACT Relating to limiting state and local taxes, fees, and other charges relating to vehicles; amending RCW 46.17.350, 46.17.355, 46.17.323, 82.08.020, 82.44.065, 81.104.140, and 81.104.160; adding a new section to chapter 46.17 RCW; adding a new section to chapter 82.44 RCW; adding a new section to chapter 81.112 RCW; creating new sections; repealing RCW 46.17.365, 46.68.415, 82.80.130, 82.80.140, 82.44.035, and 81.104.160; and providing an effective date.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF WASHINGTON:

POLICIES AND PURPOSES

NEW SECTION. Sec. 1. Voters have repeatedly approved initiatives limiting vehicle costs, yet politicians keep ignoring the voters' repeated, unambiguous mandate by imposing higher and higher vehicle taxes and fees. It's not fair and it must stop. Without this follow-up ballot measure, vehicle costs will continue to skyrocket until vehicle charges are obscenely expensive, as they were prior to Initiative 695. This measure and each of its provisions limit state and local taxes, fees, and other charges relating to motor vehicles. This measure would limit annual motor vehicle license fees to \$30, except voter-approved charges, repeal and remove authority to impose certain vehicle taxes and charges; and base vehicle taxes on Kelley Blue Book rather than the dishonest, inaccurate, and artificially inflated manufacturer's suggested retail price (MSRP). Voters have repeatedly approved initiatives limiting vehicle costs. Politicians must learn to listen to the people.

LIMITING ANNUAL MOTOR-VEHICLE-LICENSE FEES TO \$30, EXCEPT VOTER-APPROVED CHARGES

NEW SECTION. Sec. 2. A new section is added to chapter 46.17 RCW to read as follows:

(1) State and local motor vehicle license fees may not exceed \$30 per year for motor vehicles, regardless of year, value, make, or model.

(2) For the purposes of this section, "state and local motor vehicle license fees" means the general license tab fees paid annually for licensing motor vehicles, including but not limited to cars, sport utility vehicles, light trucks under RCW 46.17.355, motorcycles, and motor homes, and do not include charges approved by voters after the effective date of this section. This annual fee must be paid and collected annually and is due at the time of initial and renewal vehicle registration.

Sec. 3. RCW 46.17.350 and 2014 c 30 s 2 are each amended to read as follows:

(1) Before accepting an application for a vehicle registration, the department, county auditor or other agent, or subagent appointed by the director shall require the applicant, unless specifically exempt, to pay the following vehicle license fee by vehicle type:

BASE VEHICLE TAXES USING KELLEY BLUE BOOK VALUE

NEW SECTION. Sec. 8. A new section is added to chapter 82.44 RCW to read as follows:

(1) **BASE VEHICLE TAXES USING KELLEY BLUE BOOK VALUE.** Any motor vehicle excise tax must be calculated in an honest and accurate way so the burden on vehicle owners is not artificially inflated. For the purpose of determining a vehicle tax, a taxing district imposing a vehicle tax must set a vehicle’s taxable value at the vehicle’s base model Kelley Blue book value. This ensures an honest and accurate calculation of the tax and, combined with the appeal process in RCW 82.44.065, ensures that vehicle owners are taxed on their vehicle’s market value.

(2) For the purpose of determining a tax under this chapter, the value of a truck-type power or trailing unit, or motor vehicle, including a passenger vehicle, motorcycle, motor home, sport utility vehicle, or light duty truck is the base model Kelley Blue book value of the vehicle, excluding applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs.

Sec. 9. RCW 82.44.065 and 2010 c 161 s 912 each amended to read as follows:

If the department determines a value for a vehicle ~~((equivalent to a manufacturer’s base suggested retail price or the value of a truck or trailer under RCW 82.44.035))~~ under section 8 of this act, any person who pays a state or locally imposed tax for that vehicle may appeal the valuation to the department under chapter 34.05 RCW. If the taxpayer is successful on appeal, the department shall refund the excess tax in the manner provided in RCW 82.44.120. Using Kelley Blue Book value ensures an honest and accurate calculation.

NEW SECTION. Sec. 10. RCW 81.104.140 and 2015 3rd sp.s. c 44 s 318 are each amended to read as follows:

(1) Agencies authorized to provide high capacity transportation service, including transit agencies and regional transit authorities, and regional transportation investment districts acting with the agreement of an agency, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority or a regional transportation investment district. Regional transportation investment districts may, with the approval of the regional transit authority within its boundaries, impose the taxes authorized under this chapter, but only upon approval of the voters and to the extent that the maximum amount of taxes authorized under this chapter have not been imposed.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

- (a) Acceptability;
- (b) Ease of administration;
- (c) Equity;
- (d) Implementation feasibility;
- (e) Revenue reliability; and
- (f) Revenue yield.

(4)(a) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

(i) Employer tax as provided in RCW 81.104.150, other than by regional transportation investment districts;

(ii) ~~(Special motor vehicle excise tax as provided in RCW 81.104.160;~~

(iii) Regular property tax as provided in 81.104.175; and
~~(iv) Sales and use tax as provided in RCW 81.104.170.~~

(b) Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right-of-way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Except for the regular property tax authorized in 81.104.175, the authorization in subsection (4) of this section may not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions must retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Except for the regular property tax authorized in 81.104.175, agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, 81.104.170, and 81.104.175 are subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title must reference the document identified in subsection (8) of this section.

(8) Agencies must provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It must also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document must be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter's pamphlet must be produced as provided in chapter 29A.32 RCW.

(10)(a) Agencies providing high capacity transportation service must retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses.

(b) A regional transit authority that ~~(imposes a motor vehicle excise tax after the effective date of this section,)~~ imposes a property tax(;) or increases a sales and use tax to more than nine-tenths of one percent must undertake a process in which the authority's board formally considers inclusion of the name, Scott White, in the naming convention associated with either the University of Washington or Roosevelt stations.

NEW SECTION. Sec. 11. The following acts or parts of acts are each repealed:

(1) RCW 82.44.035 (Valuation of vehicles) and 2010 c 161 s 910 & 2006 c 318 s 1; and

(2) RCW 81.104.160 (Motor vehicle excise tax for regional transit authorities---Sales and use tax on car rentals---Former motor vehicle excise tax repealed) and 2015 3rd sp.s. c 44 s 319, 2010 c 161 s 903, 2009 c 280 s 4, 2003 c 1 s 6 (Initiative Measure No. 776, approved November 5, 2002), & 1998 c 321 s 35 (Referendum Bill No. 49, approved November 3, 1998).

NEW SECTION. Sec. 12. A new section is added to chapter 81.112 RCW to read as follows:

In order to effectuate the policies, purposes, and intent of this act and to ensure that the motor vehicle excise taxes repealed by this act are no longer imposed or collected, an authority that imposes a motor vehicle excise tax under RCW 81.104.160 must fully retire, defease, or refinance any outstanding bonds issued under this chapter if:

(1) Any revenue collected prior to the effective date of this section from the motor vehicle excise tax imposed under RCW 81.104.160 has been pledged to such bonds; and

(2) The bonds, by virtue of the terms of the bond contract, covenants, or similar terms, may be retired or defeased early or refinanced.

Sec. 13. RCW 81.104.160 and 2015 3rd sp.s. c 44 s 319 are each amended to read as follows:

(1) Regional transit authorities that include a county with a population of more than one million five hundred thousand may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding (~~eight-tenths~~) two-tenths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. The maximum tax rate under this subsection does not include a motor vehicle excise tax approved before the effective date of this section if the tax will terminate on the date bond debt to which the tax is pledged is repaid. This tax does not apply to vehicles licensed under RCW 46.16A.455 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16A.425 or 46.17.335(2). Notwithstanding any other provision of this subsection or chapter 82.44 RCW, a motor vehicle excise tax imposed by a regional transit authority before or after the effective date of this section must comply with chapter 82.44 RCW as it existed on January 1, 1996, until December 31st of the year in which the regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before the effective date of this section. Motor vehicle taxes collected by regional transit authorities after December 31st of the year in which a regional transit authority repays bond debt to which a motor vehicle excise tax was pledged before the effective date of this section must comply with chapter 82.44 RCW as it existed on the date the tax was approved by voters.

(2) An agency and high capacity transportation corridor area may impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the applicable jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax may not exceed 2.172 percent. The rate of tax imposed under this subsection must bear the same ratio of the 2.172 percent authorized that the rate imposed under subsection (1) of this section bears to the rate authorized under subsection (1) of this section. The base of the tax is the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax.

(3) Any motor vehicle excise tax previously imposed under the provisions of RCW 81.104.160(1) shall be repealed, terminated, and expire on December 5, 2002, except for a motor vehicle excise tax for which revenues have been contractually pledged to repay a bonded debt issued before December 5, 2002, as determined by *Pierce County et al. v. State*, 159 Wn.2d 16, 148 P.3d 1002 (2006). In the case of bonds that were previously issued, the motor vehicle excise tax must comply with chapter 82.44 RCW as it existed on January 1, 1996.

(4) If a regional transit authority imposes the tax authorized under subsection (1) of this section, the authority may not receive any state grant funds provided in an

omnibus transportation appropriations act except transit coordination grants created in chapter 11, Laws of 2015 3rd sp. sess.

NEW SECTION. **Sec. 14. CONSTRUCTION CLAUSE.** The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act.

NEW SECTION. **Sec. 15. SEVERABILITY CLAUSE.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 16. EFFECTIVE DATE.** (1) Sections 10 and 11 of this act take effect on the date that the regional transit authority complies with section 12 of this act and retires, defeases, or refinances its outstanding bonds.

(2) Section 13 takes effect April 1, 2020, if sections 10 and 11 of this act have not taken effect by March 31, 2020.

(3) The regional transit authority must provide written notice of the effective dates of sections 10, 11, and 13 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the regional transit authority.

NEW SECTION. **Sec. 17. TITLE.** This act is known and may be cited as "Bring Back Our \$30 Car Tabs."

Celebrate women of Washington

Washington has been *Ahead of the Curve* since it first granted women suffrage (the right to vote) in 1883. Later revoked, in 1910 our state became the fifth to include women's suffrage in its constitution — a decade ahead of the nation.

Legacy Washington is gearing up for the 2020 centennial of women's suffrage in the United States by highlighting the pioneering spirit of some larger-than-life women and little-known stories with big impacts on our state, the nation, and beyond. Washington women keep blazing trails in fields from science to bridge building.

Visit the *Ahead of the Curve* exhibit at the Washington State Capitol in Olympia, or read in-depth profiles of all the subjects online.
